Shopmen Vote to Strike Against Wage Reduction, But Will Defer Action

WAIT LABOR BOARD PROMULGATION OF NEW WORKING RULES

Decision Is Unfavorable, Strike Call Will Probably Then Be Issued

Ready to Fight

Jewell Says Shopmen Will Have Support of Big Four Brotherhoods if Crisis Comes

Chicago, Sept. 18. — Railroad shopmen belonging to the six federated shop crafts unions have voted to strike against the general wage reductions of July 1, 1921, but will defer action until the promulgation of working rules now pending before the United States Railroad Labor board, when another vote will be taken on acceptance or rejection of the rules. This announcement was officially made by B. M. Jewell, head of the shop crafts organizations, at a mass meeting of Chicago shop workers today.

Belief that a stronger fight could be made if a strike is called with prescription of the shopmen's working rules as one of the goals, led to the decision to withhold a strike call for the present, Mr. Jewell said. He and other union speakers counseled the men to wait until the entire wage and rules situation was before them, rather than rush into a strike, which Mr. Jewell declared the railroad managements desired.

"We can make a real fight on the rules proposition when we might not have the full support of other branches of railway employes on a large fight alone," Mr. Jewell said. "If we want to protect our best interests, we must wait until the time is opportune. But if the labor board refuses all the remaining rules to be acted upon at one time, then we will have the whole matter before us We will need only one vote—to accept or reject the rules—to determine what will be done."

This announcement was greeted with applause. Mr. Jewell asserted that the shop crafts would have the cooperation of other organizations, including the Big Four brotherhoods, if a strike were called, and urged his audience to prepare for action.

Majority Against Wage Cuts.

The strike vote completed August 2, as announced as showing a constitutional majority against the wage reductions which went into effect July 1. This was the first official confirmation of the result, which has been rumored for some time.

Condemnation of the operations of the labor board and of its decisions was voiced by all speakers at the meeting. Mr. Jewell charged that the railroads were attempting to use the board to take an unfair advantage of the industrial situation. The board's method of drafting rules to supplant the national agreements, a war-time measure, under which the employes work at present, was asserted to be impractical because only seven of the 186 rules have been substituted.

Mr. Jewell said he would demand of the board that "for once, it meet a situation in a practical way," and announce the remaining rules simultaneously instead of piece-meal.

"When the board announces the substitute rules, our committee will take a ballot," Mr. Jewell said. "If the rules are not satisfactory and the ballot says so, we will take the result to the railroads. If they refuse to grant our reasonable demands, they will have to stand responsible and answer to the American people."

On Open Shop Fight.

N. P. Good, chairman of the Pennsylvania system federation of shop crafts, said he thought that the Pennsylvania had been selected to make a fight for the open shop as the first step in such an agreement on all railroads.

Condemnation of the piece work system was made by Edward Tegtmeyer, vice president of the Blacksmith's union, who said the attempt of the roads to reinstate piece work was an aggravation to strike

"The railroads have been expecting us to strike," he said. "They want us to strike so they can put us out of business. We want your suggestions and advice and when the time comes, tie your hats on, we're going down the line and going all the way."

General charges that the railroads were opposing demands of the unions as part of a movement, which, President Jewell said, was backed by "nine billion dollars or more," were made. The object, he said, was "to crush organized labor." He cited alleged unfair action by the railroads in offering to negotiate rules on each individual road and then failing to agree. Only five agreements have been completed among the 320 carriers on which substitute rules were to be drafted. The unions seek to retain the present national agreements intact and the shopmen, according to the union officials, will make a harder fight for retention of these rules than in opposition to reduced wages.

New York Unions' Sentiment.

Hoboken, N. J., Sept. 18. — Delegates from the local unions of the Brotherhood of Firemen and Enginemen, representing employes of all the railroads entering the port of New York, met today in secret session and expressed opposition to the 12 per cent wage cut proposed by the Railroad Labor board No vote was taken.

Although announcement was made yesterday that the meeting would embrace all five railway brotherhoods and was called for the purpose of counting the strike vote of employes east of Chicago, no such action was taken, according to Timothy Shea, vice president of the national organization.

The meeting, it was said, was called to strengthen the organization of the brotherhood in preparation for resisting the proposed wage cut. Speakers at the meeting, arguing against the cut, declared it was unfair in view of the fact that living costs had not decreased.

Cleveland Railroad Men Decide.

Cleveland, Sept. 18. — Cleveland members of six railroad crafts affiliated with the American Federation of Labor, at mass meetings here today and tonight, pledged themselves to obey the orders of the railroad department of the federation. Machinists, boiler makers, car repair men, blacksmiths, sheet metal workers and electrical workers attended the meetings

They agreed not to engage in any sporadic or local strikes and to follow the strike program as arranged by the union chiefs.

ROADS CANNOT DISCHARGE MEN WITHOUT JUST CAUSE

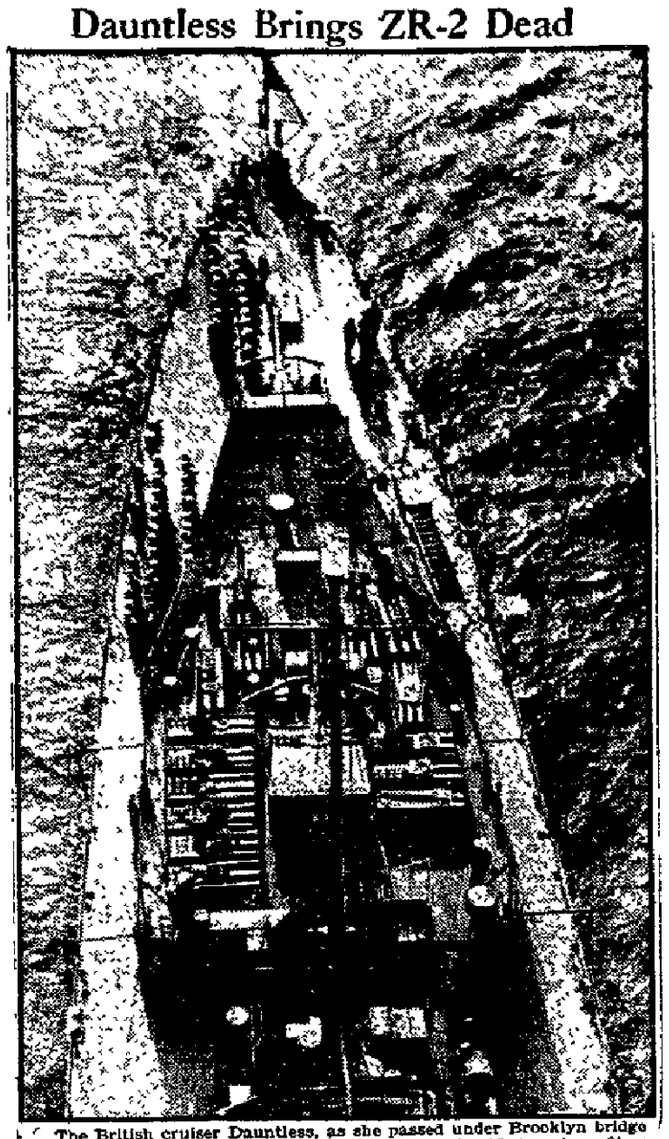

Chicago, Sept. 18. — The United States Railroad Labor board has ruled that railroads do not have the right to discharge employes without just cause, in a decision ruling that the Butler County railroad, a 41-mile line in southern Missouri, must reinstate two men released because they belonged to the same union as the men working under them

The decision said that the board was fully aware its ruling was contrary to numerous United States supreme court decisions on the subject, but that it construed its duty to be to decide every question justly and reasonably, regardless of the legal rights of either side.

"The board is fully aware of the supreme court decision (that a corporation has the right to discharge its men as it sees fit) and has no disposition in any way to question the soundness or justness of these decisions," said the board's ruling.

"The public interests demand continuous and uninterrupted operation of the transportation lines * * * It is plausible to assume that the purpose of congress (in passing the Transportation act) was to provide as effective means as possible to prevent an interruption of traffic growing out of disputes. But without regard to which view of the purpose of this legislation is correct * * * the board nevertheless feels that it should decide all disputes in a manner just and reasonable to the parties concerned and * * * that congress did not intend or expect to limit the Labor board * * * according to the strict legal rights of the parties because if it did * * * the disputes never could be solved."

Dauntless Brings ZR-2 Dead

The British cruiser Dauntless, as she passed under Brooklyn bridge on her arrival in New York with the bodies of the 16 American fliers who died in the ZR-2 disaster in England.

QUIZ WOMEN IN ARBUCKLE CASE

Not Known Whether They Will Appear Against Actor When He Comes Up Thursday

San Francisco, Sept. 18. — Several women who heretofore have not appeared in connection with the charge of murder on file here against Roscoe C. ("Fatty") Arbuckle, screen comedian, were questioned today by District Attorney Brady and his assistants.

Until Brady announces the result of today's conferences with the women, it will not be known whether they will appear as witnesses against Arbuckle. Their names will not be made public.

Arbuckle spent a quiet day in the jail cell which has been his residence since a week ago last night, when he was arrested on a charge of murdering Miss Virginia Rappe, motion picture actress, who died, according to accusers of Arbuckle, after a drinking party in his hotel suite here and as a result of mistreatment by her host.

Arbuckle will remain in his cell until Thursday, when his preliminary examination begins on a murder complaint which was sworn to by Mrs. Bambina Maude Delmont, a member of the party.

Los Angeles, Sept 18. — Approximately 8,000 persons today viewed the body of Miss Virginia Rappe, motion picture actress, for whose alleged murder Roscoe C. ("Fatty") Arbuckle is held in the San Francisco city prison The casket was banked with flowers.

The funeral will be held at 10 30 o'clock tomorrow at the undertaking parlors The services will be private, with the Rev. Frank Roudenbush, rector of St. Stephen's Episcopal church at East Hollywood, in charge. Interment will be at the Hollywood cemetery. A number of Los Angeles pastors today and tonight in the course of their sermons devoted considerable attention to the Arbuckle case.

GIANTS' HOLD ON PENNANT TIGHTENS

Only Complete Reversal of Form Can Take It From Their Grasp; Yankees Are at the Top

New York, Sept. 18.—The New York Giants continued their winning streak through the week and by their victories, notably the pair over Pittsburgh, enjoy a four and a half game lead in the National league. Barring a complete form reversal, the pennant appears to be firmly in the grasp of the McGraw clan.

In the American league New York, by its victory over Cobb's Tigers today, while Cleveland was losing to Washington, nosed back into the league leadership by a two-point margin. The Yankees have played two games less than Cleveland and must play almost perfect ball in their remaining games to secure the flag The four-game series to be played in New York this week between New York and Cleveland, probably will decide the race.

Speaker's team won all seven of its games during the week, excluding today's game, while New York won only four out of seven. The Indians found an easy mark in the Athletics and New York suffered setbacks at the hands of the White Sox, the Browns and the Red Sox.

In the National, the Giants also had a perfect week. Brooklyn slumped and so did the Braves and the Pirates The Red Sox won a majority of their games in the American, and the Athletics lost every game played.

The week's games in both leagues were marked by heavy hitting and scoring. Cleveland tallied 60 times on 80 hits and the Yankees 45 times on 68 hits. The Athletics batted well but were handicapped by poor fielding and ineffective pitching.

WINS JUNIOR SWIM TITLE.

Freeport, Sept. 18.—Lillian Stoddart, 14, of the New York Women's Swimming association, won the national junior 880-yard swimming championship for women today She covered the distance in 15 minutes, two and two-fifths seconds The swimmers were handicapped by wind and tide. Helen Briscoe of the same club was a close second.

SOLDIER DEAD HONORED.

Hoboken, Sept 18. — Memorial services for the 2,000 soldier dead who arrived yesterday from France on the army transport Cantigny, were held today on the army piers here More than 3,000 persons, relatives and friends of the dead, were present There were services by Jewish, Protestant and Catholic chaplains, with music by choirs from nearby churches

SENATOR WALKER UNDER KNIFE

New York, Sept. 18. — James J Walker, Democratic minority leader in the state senate, was taken to the Broad Street hospital today and will be operated upon tomorrow. Senator Walker is a member of the Mayer legislative committee investigating the city administration.

PREMIER BRINGS VALERA TO TASK

Calls on Him to Repudiate Claim That Ireland Is Sovereign State

TAKES FIRM STAND

Conference Cannot Be Held Unless Demand Is Complied With, Lloyd George Asserts

London, Sept. 18 —Premier Lloyd George today added another to the brisk fire of telegrams between Dublin and Gairloch, which leaves Eamonn DeValera's search for a formula enabling him to accept the invitation to a conference still unsatisfied and the position on the Irish question is virtually the same as on Friday.

In his message to the Irish Republican leader, the British prime minister remains firm in refusing to meet the Irish delegates as representing an independant and sovereign state, and declares that unless the section of Mr. DeValera's recent letter insisting upon the delegates acting as representatives of an independent Ireland, was withdrawn, a conference between the members of the British cabinet and the Sinn Fein plenipotentionaries would be impossible.

Notwithstanding the firm tone of Mr. Lloyd George's telegram, it is interpreted as displaying solicitude to furnish Mr. DeValera a favorable opening for abandoning his present attitude.

The text of the premier's telegram follows

"I have received your telegram of last night and observe it does not modify the claim that your delegates should meet us as representatives of a sovereign and independent state.

Stands by Original Note.

"You made no such condition in advance when you came to see me in July. I invited you then to meet me, in the words of my letter, as the chosen leader of the great majority in Southern Ireland, and you accepted that invitation

"From the very outset of our conversations I told you that we looked to Ireland to owe allegiance to the throne, and to make her future as a member of the British commonwealth. That was the basis of our proposals, and we cannot alter it.

"The status you now claim in advance for your delegates is in effect a repudiation of that basis I am prepared to meet your delegates, as I met you in July, in the capacity of the chosen spokesman for your people to discuss the association of Ireland with the British commonwealth.

"My colleagues and I cannot meet them as representatives of a foreign and independent state without disloyalty on our part to the throne and the empire. I must therefore repeat that unless the second paragraph of your letter of the 12th is withdrawn a conference betwen us is impossible."

The second paragraph of Mr. DeValera's letter of September 12, to which Premier Lloyd George alludes in his latest telegram, is as follows:

"In this final note, we deem it our duty to reaffirm that our position is and can only be as we have defined it throughout this correspondence. Our nation has formally declared its independence and recognizes itself as a sovereign state. It is only as representatives of that state and as its chosen guardians, that we have authority or power to act on behalf of our people. As regards the principle of government by consent of the governed in the very nature of things it must be the basis of any agreement that will achieve the purpose we have at heart —that is, the final reconciliation of our nation with yours. We have suggested no interpretation of that principle, save its every-day interpretation, the sense, for example, in which it was understood by the plain men and women of the world, when on January 5, 1918, you said

"The settlement of Europe must be based on the grounds of reason and justice as will give some promise of stability. Therefore it is that we feel that government with the consent of the governed must be the basis of any international settlement in this war."

No Statement in Dublin.

Dublin, Sept. 18 — When Premier Lloyd George's telegram arrived tonight it was too late to summon a cabinet meeting and according to the publicity department no statement could be issued tonight.

Mr Lloyd George's request for withdrawal of the offending paragraph of Mr. DeValera's letter is believed to involve the re-summoning of a full meeting of the Dail Eireann, for when Mr. Lloyd George originally afforded an opportunity for private withdrawal by Mr. DeValera, the cabinet preferred to submit the matter to the Dail Eireann The paragraph was specially discussed and unanimously approved

New Outbreak in Belfast.

Belfast, Sept. 18 — A girl was shot dead and another was gravely wounded in a fusillade of revolver firing in Verra street this afternoon. The church-goers in the neighborhood were obliged to scurry for cover Soldiers hastened to the scene and turned machine guns on various points infested by gunmen

Verra street and the district round about continued in a ferment until the curfew. The wounded girl died in a hospital. An outbreak also occurred in Seaford street, in the Sinn Fein district of East Belfast. A bomb was thrown and there was much revolver fighting, but a large force of military and police quickly suppressed the trouble.

SENATORS VISIT MINGO MINERS

Kenyon and Shortridge Seek to Get Their Views as to Cause of Industrial Troubles

TERRORISM ALLEGED

Men Display Bullet Holes in Tents, Charging Private Guards Put Them There

Williamson, W. Va., Sept 18 —Senator Kenyon's investigating committee, boiled down finally to himself and Senator Shortridge of California, went among the people in the Lick Creek tent colony today to get the miners' side of the underlying cause of industrial troubles in the Mingo region.

There was no comment from the committee after 50 or more men and women had been questioned. Tomorrow, the operators will be heard, and then Senator Kenyon and his associate will determine how far to proceed, and where, under the senate resolution directing the inquiry.

The tent colony is populated by miners who have been on strike 14 months. The first of the group whose testimony was obtained was George Echols, a negro preacher, 75 years old who showed the ragged gaps in his tent, put there, he testified, by state constabularies or private guards. Inside, the old man picked up a month-old baby, born in a home with only the earth as flooring, and proudly displayed it to Senator Shortridge as an evidence of healthy living outdoors in the Mingo mountains.

Claim Low Wages.

Wide slashes and bullet holes in other tents also were pointed out as alleged evidence of some of the colony's hardships. News that the senatorial party was on the way brought a big attendance, the women being the most eager to talk. Most of the miners declared they had not been amply paid for their work, that while they might make $8 a day, expenses for tools, dynamite and other items cut the net to $3. Other alleged grievances were against the so-called "mine guard" system and the claim of the men that once they joined the union they were instantly discharged.

The witnesses also complained that many men from the colony had been put in jail and not told of the charges against them Howard Hanvers, one of the spokesmen, said they objected to enforcement of law by private guards.

"Have any mine guards been shot by miners?" Senator Kenyon asked, and the witnesses agreed that while they had heard such reports, they had no direct knowledge.

Died With Prayer on Lips.

The story of Alex Breedlove, who was shot to death last June near the camp, was told in detail by half a dozen witnesses. The men said after Breedlove was captured he was given one minute to pray and fell dead with a prayer on his lips

Breedlove was a colonist and lost his wife in an exchange with members of the state police, when the latter went to Lick Creek to make arrests as the result of previous shootings, when members of an automobile party reported having been fired upon. During the fight, in which Breedlove was killed, James A. Bowles, a state trooper, was wounded, as was also Martin Justice.

The senators tomorrow will look over other fields before proceeding to Huntington and Charleston in the hope of reaching Washington next Wednesday morning.

Both senators were particularly anxious to learn what was happening to the flock of children in the tent colony and whether they went to school, but the information was indefinite. About two score babies, most of them born in the tents, were brought out

Miners' Officials Surrender.

Charleston, W Va., Sept 18. — C. E. Keeney and Fred Mooney, president and secretary, respectively, of district 17 of the United Mine Workers of America, against whom indictments were recently returned in Mingo county, growing out of the fatal shootings at Merrimac last May, and whose whereabouts had been unknown since then, today surrendered to the authorities at the office of Governor Morgan, according to an official statement.

TILDEN AND JOHNSON FIGHT IT OUT TODAY

Championship Match Postponed by Rain Will Be Replayed; Mrs. Mallory Adds Title

Philadelphia, Sept. 18 — With the games standing at 8-all in the opening set, the match between William T. Tilden 2d and Wallace F Johnson, both of Philadelphia, to decide the lawn tennis championship of the United States, was postponed to Monday afternoon at 4 o'clock as the result of a heavy downpour of rain By agreement between Julian S. Myrick, referee of the tournament, and the two players, it was decided that, instead of starting the match Monday where it was cut short Saturday, it should be replayed in its entirety.

Before Tilden and Johnson took the court at 2 15, grave doubts had existed as to whether it would be possible even to start the match It had rained hard early in the morning and from noon on the clouds were so heavy and lowering that a deluge was threatened momentarily. But it was not raining at 2:30, the scheduled time for the start, and the courts had been well protected through the morning by tarpaulins. Despite the lugubrious prospects in the matter of the weather and the additional fact that there was little or no uncertainty regarding the outcome of the match, a gallery of nearly 8,000 had assembled and the officials decided to stick to the schedule rather than disappoint the fans.

Accordingly the champion and his challenger opened operations and played for thirty minutes through sixteen evenly contested games before they had to call it off.

Mrs. Mallory Wins Again.

Philadelphia, Sept. 18. — To her ever increasing list of championships Mrs Molla Bjurstedt Mallory, the national title holder, added one more yesterday at the Philadelphia Cricket club when she captured the Middle States honors for women in a straight set match from Miss Edith Sigourney of Boston. The scores were 6-0, 6-3. Mrs Mallory easily gained the upper hand in the opening set, though two of the six games went to deuce. The swiftness of the champion's driving had the Boston girl constantly on the defensive and Mrs. Mallory kept her on the run from corner to corner of her baseline. Meanwhile the champion was covering her own court with characteristic steadiness

POACHERS BELIEVED TO HAVE SLAIN GAME WARDEN

Plainfield, N. J., Sept. 18 —The body of William Hoblitzell, a state game warden, believed to have been shot by game law offenders, was found today in the woods near Kenilworth, N. J Hoblitzell, who had been active against game law offenders for the past 15 years, was last seen Saturday by a farmer who told the police the game warden entered the woods to trace the users of firearms When he failed to return, police were notified.

After an investigation had been made, Prosecutor Hetfield stated he was of the opinion that the game warden had been murdered by one or more persons caught shooting game out of season. The body, which bore wounds in the heart and groin, was found in one of the most desolate spots in the section. It is swampy and thickly wooded and on many occasions the police said, had been the hiding place of criminal fugitives.

THREE KILLED WHEN AUTO PLUNGES OVER EMBANKMENT

Yonkers, Sept 18. — Three persons were killed and nine injured today when an automobile plunged over a ten-foot embankment on Central avenue and overturned, pinning the occupants beneath. The car, owned and driven by John Feldman, New York restaurant proprietor, was turning to allow another car to pass when the accident happened

The dead are. Alfonse Tagton, Philip Tisonsel and Michael Scarlo, all of New York. Feldman received slight contusions of the scalp.

Feldman was later held in $5,000 bail on a charge of manslaughter, for a hearing on September 30.

"BUSINESS REVIVAL WEEK" PROPOSED BY MAYOR HYLAN

New York, Sept. 18 —Plans for a "business revival week," during which merchants, hotel proprietors and railroads would be asked to reduce prices in order to stimulate buying and to bring trade to the city, were included in a letter sent today by Mayor Hylan to Commissioner of Public Welfare Bird S. Coler, chairman of the committee on unemployment.

The plan was proposed as a part of a general scheme to relieve unemployment conditions by bringing into circulation a large amount of cash and providing employment for hundreds of men for at least one week.

NOTORIOUS BANDIT STAGES NEW CRIME

Smuggles Rifle Into Jail and Opens Fire on Trusties; Three Deaths Expected

Little Rock, Ark., Sept. 18.—Tom Slaughter, notorious Oklahoma bandit today added another chapter to his long list of crimes when in a sensational escape from the Arkansas penal farm, he killed one man and perhaps fatally wounded two others, all trusty guards, with a rifle smuggled to him by someone on the outside.

Bliss Adkisson, draft resister serving 18 years for murder committed when a posse tried to capture him, and two other evaders in the mountains of Calhoune county, was killed. James Morris and DeWitt Taylor, the other guards, were shot through the bodies and are not expected to live.

Slaughter was brought from Tucker, where the farm is located, to the penitentiary here and is being held in solitary confinement. When convicted with Fulton Green of the murder of Deputy Sheriff Brown of Hot Springs about a year ago, Slaughter was wanted in Oklahoma, Texas, Missouri, Kentucky and Pennsylvania, according to officers, for bank robberies and murder.

According to the reports from Tucker farm, Slaughter early this morning obtained the smuggled rifle from its hiding place. He ordered the convicts in the room to lie down and through a window began picking off the guards, the reports said, Morris being shot first and then Taylor. Crossing to another window, Slaughter fired on Adkisson, killing him with the first shot. Slaughter fired at several officials and then started to make a break for the open. As he reached the door, Sam Payne, life termerd opened fire with a pistol His aim was so accurate that Slaughter threw away his gun, raised a handkerchief, and surrendered.

BOOTLEGGERS' FEUD.

Freeport, Sept. 18.—A bootleggers' feud was said by police to have been responsible for the assassination early today of Tony Ziegri, a taxicab driver, who was shot as he came out of a saloon. Joseph Lascalo, who was wounded in the arm and was a roommate of the dead man, was locked up, charged with murder Several men were reported to have been seen running away after the shooting. More than a dozen shots were fired

HARDING EDITORIAL CHAIR STARTS SUIT

New York Designer Claims He Was Engaged to Superintend Manufacture, and Sues Rival

New York, Sept 18 — The editorial chair presented to President Harding by the editors of the country, made from timber taken from the war sloop Revenge of Revolutionary fame, has been dragged into court, it became known today, to determine who should receive historical credit at its designer.

Mor Bartos, designer and manufacturer of furniture, has brought suit against Alfred C. Bossom, Fifth avenue merchant, in the sixth district municipal court, to recover $90 and costs, claiming that he was engaged by Bossom to draw plans for the chair and to superintend the construction. The designer alleged that the architect promised him $300 for the work. He drew the plans and specifications, the complaint stated, and delivered them to Bossom, for the purpose of having the architect submit them to the President for approval. He heard nothing more bout the plans or the chair, he charged, until he read of the presentation in the newspapers.

Bartos further charged that Bossom, after obtaining the plans and specifications, appropriated them to his own use and has taken full credit as designer of the now-famous piece of furniture.

In his answer to the complaint, the architect declared he paid Bartos $20 "in full settlement and satisfaction of all claims" on account of the designer's work on the chair Both parties to the action, it was said tonight, are determined to fight it out in court, despite the small amount involved.

100 GAMES WITHOUT ERROR, FIRST BASEMAN'S RECORD

Boston, Sept. 18 — A hundred games without an error was the fielding record of Stuffy McInnis, first baseman of the Red Sox, when he completed yesterday's game against Chicago without a misplay This record of fielding perfection is said to be without parallel in major league annals. In the ninety-nine games he has played since May 30, when his previous run of 32 errorless games was broken, McInnis has accepted 1,056 chances, 990 of which were putouts and 66 assists. His fielding percentage of .999 is two points better than the highest record for a season, that by Gandil, first baseman of the White Sox, in 1919.

EASTMAN REDUCES WAGES.

Rochester, Sept. 18. — A reduction in wages of less than 20 per cent will be put into effect in all Eastman Kodak plants on October 3, according to an announcement by George Eastman, which will appear in the house magazine of the company tomorrow

Business depression and competition from European commerce and German motion picture film are cited as reasons why production costs must be reduced

CHISOX BREAK HOODOO.

Defeat Brooklyn Twice in First Sunday Victory at Home This Season.

Chicago, Sept. 18.—Chicago broke its Sunday hoodoo today by winning a ball game. The White Sox defeated Brooklyn in both games of a double header by scores of 1 to 0 and 5 to 1. This was the first Sabbath the locals have been victorious at home this season.

Score, first game:	R	H	E
Brooklyn .. 000000000—0	6	1	
Chicago ... 000000001x—1	5	2	

Batteries — B Grimes and Miller; Cheeves and O'Farrell.

Second game:			
Brooklyn .. 000000010—1	6	2	
Chicago ... 20010002x—5	8	1	

Batteries — Reuther, Miljus and Krueger; Freeman and Killifer.

REDS, BY HEAVY BATTING, TAKE DOUBLE FROM BOSTON.

Cincinnati, Sept. 18. — Cincinnati took two games from Boston, 6 to 3 and 10 to 3, by heavy batting here today. Long hits, bunched effectively, proved too much for the Boston pitchers in the second game. Daubert made a home run, a double and two singles. Luque was greatly aided by five double plays, while Boston made two.

Score, first game:			
Boston .... 000101010—3	8	4	
Cincinnati .. 02000120x—6	12	3	

Batteries — Watson, Morgan, Oeschger and O'Neill; Markle and Wingo.

Second game:			
Boston .... 000000300—3	10	1	
Cincinnati .. 402030001x—10	17	2	

Batteries — Fillingim, Braxton, Morgan and Gowdy; Luque and Hargrave.

HITTING WITH MEN ON BASES GIVES CARDS 6-4 VICTORY.

St. Louis, Sept. 18.—Hitting with men on bases gave St. Louis a 6 to 4 victory over Philadelphia today. Fournier's unassisted double play in the first inning came close to a triple, but James Smith was safe on second after Williams lined to Fournier who doubled Rapp, then tossed to second.

Philadelphia	3 1 0 0 0 0 0 0 0—4	9	1
St. Louis ..	0 0 2 0 3 0 1 0 x—6	11	2

Batteries — Ring, G. Smith and Henline; Pertica, Pfeffer and Ainsmith.

Other teams not scheduled.

AMERICAN LEAGUE

CLEVELAND AGAIN OUSTED.

Johnson, Veteran Washington Twirler, Holds Champs to Three Hits.

Washington, Sept. 18. — Cleveland was ousted from first place in the American league race today when beaten by Washington, 4 to 1. Johnson held the world champions to three hits, their only run being due to Gardner's single and successive passes to Sewell, Johnston and O'Neill. The locals bunched three hits with two bases on balls and a sacrifice fly for four runs in the sixth inning. The score:

	R	H	E
Cleveland . 000001000—1	3	1	
Washington 00000400x—4	7	1	

Batteries — Coveleskie and O'Neill; Johnson and Picinich.

YANKEES DEFEAT DETROIT.

Tigers Tie Game in Eighth, But Yankees Score Twice in Same Round.

New York, Sept. 18. — The New York Yankees defeated Detroit in the first game of the series here today by the score of 4 to 2. After Blue drove in Cobb with the tying run in the first half of the eighth, the Yankees won in the second half, scoring twice on a base on balls to Ward, McNally's sacrifice, Schang's double and Hoyt's single.

Detroit . .. 010000010—2	11	1	
New York . 00010102x—4	12	0	

Batteries — Leonard, Middleton and Basaler; Hoyt and Schang.

Other teams not scheduled.

PLAYS SOME REAL BASEBALL

Ernie Johnson of White Sox Resorts to Clever Trick to Beat Ball to First Base.

Once in a while baseball managers and players unexpectedly pull some real baseball.

Ernie Johnson, Salt Lake recruit shortstop of the White Sox, came to bat with two out and none on. The

Ernie Johnson.

opposing infield played back. He bunted. Result was he beat the ball to first. It turned the tide of the game. The Sox came from behind and won out.

And John McGraw sat in the dugout the other day, wrinkled his eyebrows, stretched his imagination back to the old days and fished up the old "sucker act," better known as the squeeze play.

He worked it three times on the unsuspecting league-leading Pirates.

Pulling the unexpected is the soul of a good ball game.

CALIFORNIA GETS BIG EVENT

For First Time Pacific Coast Institution Permitted to Stage Big Athletic Meet.

For nearly 50 years the Intercollegiate A. A. A. A. has been recognized as the national collegiate track and field premier event, and for the first time University of California athletes hold the crown. Heretofore the big eastern institutions always reigned supreme.

BONACKERS WIN

ONEONTA LOSES TO FAST RENSSELAER TEAM BY 7 TO 4 SCORE.

Hatch and Harlow Feature With Stick and in the Field — Hickey of Bonackers Strikes Out Thirteen Men.

Inability to hit with men on bases caused the Oneonta Giant's downfall at the hands of the strong Bonacker team by a score of 7 to 4 at Rensselaer yesterday. The Oneonta team, playing independently but with the lineup intact except for the absence of Hermann, put up a strong article of ball, touching Hickey, reputed to be the best pitcher in semi-pro ball, for nine hits. When hits meant runs, however, the Giants whiffed the air, 13 strikeouts being credited to the lanky Bonacker southpaw.

Hatch and Harlow starred both at bat and in field. The former hit three safe ones out of four time at bat, while Harlow slammed the pellet for two triples, his last one bringing in two runs. Phelps for the Bonackers made a spectacular catch of Captain Baird's hard hit Texas leaguer.

The Giants started in the first chukker. Baird beat out a bunt. Hatch singled. Byrnes forced Hatch, Baird reaching third. Byrnes and Baird then staged a delayed double steal, aBird scoring. In the sixth stanza Hatch singled and Byrnes doubled, scoring Hatch. Oneonta's last chance came when Hatch got his third single, Farrell got on on Delaney's wild peg to first, and Harlow scored both men with his second triple.

A feature of the game was the appearance of Harry J Butts on the field in an Oneonta uniform.

The detailed score follows:

ONEONTA—	AB.	R.	H.	PO.	A.	E.
Baird, 3b.	5	1	1	5	2	0
Steffen, ss.	4	0	0	3	3	0
Hatch, cf.	4	2	3	1	0	0
Byrnes, 1b.	4	0	1	4	0	1
Farrell, 2b.	4	1	0	2	0	0
Harlow, lf.	4	0	2	3	0	1
Sinstack, rf.	4	0	1	1	0	0
McGrath, c.	4	0	0	5	3	0
Scanlon, p.	3	0	1	0	1	0

SCHENEVUS LOCALS.

Schenevus, Sept. 18.—Miss Carrie Ennis, county tuberculosis nurse, passed the week in Ithaca.—Dr. F. E Bolt of Worcester was in town on professional business Saturday.—Prof. and Mrs. Charles Root of Amsterdam were here to attend the funeral of the late W. R. Jenkins.—John P. Gregory of Hobart was calling on friends here Friday. — Mrs. Jeanette Harper and son, Dr. Paul Harper, of Albany, are in town, being called by the death of their cousin, Mrs. Jenkins.—Charles Halstead is confined to the house by illness. Mrs Dorothy Bulson is in charge of the drug store during his absence.

Shortening the Season.

Under the new law the rabbit and squirrel season is shortened 15 days, according to the new state game laws the rabbit and squirrel season opens Oct 15th instead of Oct. 1st. The rabbit season closes as usual on March 1st, and the squirrel season on Nov. 15th. The same number of days have been cut off the woodcock season. The season now ends on Nov. 15th instead of Nov. 30th. Copies of these laws will be distributed by town clerks.

A day spent at Otsego lake will please you. Take advantage of the special round trip ticket on the Southern New York railway—Oneonta to Cooperstown—when planning for a day's outing. advt e-o-d tf

FORMER DAVENPORT MAN.

Henry Porter Dies Friday at City Hospital in Binghamton.

Davenport, Sept. 18. — Henry Porter, son of the late Isaac and Nancy Porter of this township, died at the City hospital in Binghamton on Friday, Sept. 16, at 7 p. m. He had been ill of liver trouble for the past year and his demise was not unexpected. His body was brought to Davenport on Sunday and the funeral will be held at 2 p. m. on Monday at the home of his sister and brother, Sarah and Alexander Porter. Rev. R. R. Irwin will officiate and burial will be in the village cemetery.

Mr. Porter was 54 years of age and unmarried. All his life save for the past few years, had been spent in Delaware county, and he has many friends who will regret his death. He is survived by the sister and brother above named and another brother, William C. Porter, all of Davenport.

GALE TURNS INFORMER

Red Agitator and Alleged Draft Evader Wants His Freedom.

Linn A. E. Gale, well known in Oneonta, where he was formerly employed, has offered to turn informer and tell Uncle Sam all he knows about Red propaganda in this country and Mexico if the charge against him as a draft evader will be withdrawn, according to correspondence made public by the American Civil Liberties union.

The correspondence, which was between Roger N. Baldwin, director of the American Civil Liberties union, and Samuel M. Castleton of Atlanta, Ga., attorney for Gale, may be of interest to those who have followed Gale's activities.

Baldwin's Letter.

Baldwin wrote to Castleton Sept. 12th, as follows:

"So many reports have come to us in regard to the conduct of Linn A. E. Gale, military prisoner on Governor's Island, that we desire to make inquiry on the following points:

"We understand that Mr. Gale left the United States for Mexico in order to escape the draft act, and that, when he left, he jumped bond in a criminal case then pending against him in New York city.

"We understand that, although he posed as a radical in Mexico City, he has since not only renounced his radical views, but has offered to give to the government information against radicals which he acquired as one of them. * * * In so doing he has shown a complete disregard for principle, friendship and obligations, offering to do practically anything which promises to bring his freedom.

"We are sure that, in justice to the radical movement with which you are connected, you would prefer to have the facts accurately stated rather than to have unfounded reports so generally in circulation."

Castleton's Reply.

Castleton's reply was:

"My client authorized me to make public the information that he has renounced his former political beliefs and convictions, that he has completely severed his connections with the radical movement, and consequently would not be justified in receiving any further aid or support from them.

"My client, Linn Gale, desires to state that he is absolutely sincere in the repudiation of his former radical opinions, as expressed through Gale's Magazine, and that at no time in the future will be engaged in radical activities."

RECORDS BROKEN BY HOT WEATHER

This Summer's Torrid Spell Surpassed All Others in the Length of Its Stay.

SCOUTS THEORY OF SUNSPOTS

Chief of the Weather Bureau Says Atmospheric Temperatures Are Not Perceptibly Affected by Spots on the Sun.

Washington.—The hot wave that this country experienced this summer has been of unprecedented duration, according to weather experts at the central office of the United States weather bureau here. There have been short durations of a month or less when the temperatures were higher than during the recent hot weather, but never before, the weather men believe, certainly not in the last fifty or sixty years whose temperature records have been dug into, have abnormal temperatures been so everlastingly on the job.

Even last winter, which we remember as an extremely mild one, was the beginning of the extended heat wave. In the eastern and central states, east of the Rockies, for the last 11 months, excepting only November, temperatures have been consistently higher than the average temperature over a long stretch of years, which is taken as standard.

The people of Boston have been living in Philadelphia during the first six months of this year, so far as temperature is concerned, Alfred J. Henry, meteorologist at the weather bureau has found. The average temperature of Boston has been abnormally high, and from January to June has equaled that usually experienced in Philadelphia.

Gets Virginia Weather.

New York, America's center of commerce, has been thermometrically located for the same period in Washington, the governmental center of the country, while Washington has been shifted southward and located on the boundary of Virginia and North Carolina.

Out in the middle West, the same southward climatic travel has occurred. Des Moines, if it were located on the map by its temperature would be set down in southwestern Missouri, Professor Henry has found.

Chicago has, however, been the hot spot of the country this summer, an analysis of reports show. July was the hottest month that that city has had for 51 years. Its average temperature for the month was 2.8 degrees warmer than any other month, while it was 8.8 degrees higher than normal. That city has been so continually hot that the average temperature for July is higher than the average normal highest temperature, while the average minimum temperature for the month is 2.1 degrees higher than the normal monthly mean. Twelve July days of above 90 degrees weather broke all previous records, and 54 days when the temperature was continually above normal were other record breakers. The accumulated excess temperature at Chicago from the first of the year to the end of July has been the large total of 1,753 degrees. This means that since January 1, the average daily excess in temperature has been 8.3 degrees.

The southwestern parts of the country and most of the Pacific coast have been fortunate enough to miss most of the present hot weather. During the past months, there have been deficiencies in temperature in those regions rather than excesses.

Europe Also Hit.

Western Europe has also experienced similar continued hot weather, according to data that have reached here, and it has been accompanied by lack of rain and is causing drought in England and France. How the rest of the world is affected, weather bureau officials do not know, as data from other sources have come in very slowly and are meager.

The theory that sunspots have anything to do with the hot spell is scouted by Prof. Charles F. Marvin, chief of the weather bureau. Some scientists in Europe and this country have declared that there is evidently some connection, but Professor Marvin, after examining the data that have been obtained on the intensity of the radiation during the presence and absence of sun spots, has come to the conclusion that atmospheric temperatures are not perceptibly affected by spots on the sun.

"We find that the temperatures and rainfall seem to vary with the pressures of the atmosphere, particularly in the so-called 'centers of action' which seem to be critical points for atmospheric changes," Professor Marvin states. "These large air movements caused by pressure changes seem to be real causes of temperature changes and precipitation, but we have yet to learn what causes them."

The long hot spell that we have been experiencing is no sure sign that it will continue and that we will have a late fall, according to Prof J. Warren Smith who studies the weather and its influence on crops and outdoor operations.

The most recent hot spells that do not equal the present one in length but exceed it in temperature occurred during July, 1901, and August, 1918, according to P. C. Day, climatologist at the weather bureau.

North Franklin Still on Map.

North Franklin, which gained considerable newspaper notice as the home of the tame partridge, is the scene of another nature freak. At the home of Dr. O. S. Rich a mother cat has adopted two baby gray squirrels and is bringing them up with her own offspring. A few days ago a tree, in which a gray squirrel had its nest, was felled and the old squirrel was accidentally killed. The two little squirrels left without a mother were given to the cat, and are apparently being as well cared for as by their natural mother.—[Franklin Dairyman.

FRANCE AND DISARMAMENT.

If readers may have surmised from the recent statements in the press that France, while anxious for disarmament, or rather limitation of armaments, is deeply concerned over the issue as in November to be determined, they will probably be interested also to know why this is the case. Why France cannot trust herself to go on without complete arrangements for defense in any emergency is explained as follows in the current issue of the Bache Review:

"The emergency which France wishes to guard against," says the Review, "is the danger that Germany's revival will result in eventual attack. Whatever may be said about the improbability of such an event, it will be impossible to convince France that it is not among the possibilities, and that if, as she thoroughly believes, it is possible, she must have complete protection against it. It is only necessary to refer back to the utterances of Premier Clemenceau while the peace conference was in progress, to understand the sentiment and the belief of France at that time; and this attitude has not changed since.

"'Industrially and commercially,' he said, 'as between France and Prussia, for the present the victory is with the Hun.

"'The purpose of Germany in entering the war was not purely a dream of military domination on the part of Prussia. It was a definite calculated conspiracy to exterminate France, as well industrially and commercially as in the military sense. German bankers and manufacturers joined the general staff in the army, for this purpose. The German army stole the machinery from the factories, destroyed the coal mines of Lens, wantonly devastated French territory, even when in retreat. This was not alone the tactics of military frightfulness. It was a part of the deliberate commercial design for commercial destruction.'

"It is only necessary to remember that in all the factories in the vast industrial area of France devastated by the Germans and centering in Lille, where machines were not, for one reason or another, stolen and carried off, every part of each machine had been filled with cement poured in in liquid form, which, hardening, left the machine completely destroyed for future use. The industrial life of France was so wrecked that its resuscitation has been extremely difficult, and France, as everyone knows, is still laboring under this tremendous handicap.

"Thus the industrial wreckage of France, which was one of the objects for which Germany undertook the war, was partially accomplished, and from this industrial wreckage France, three years after the armistice, is still suffering greatly.

"Acutely aware of these facts, it would be folly to expect France to disarm or to limit its armament to a point which would not fully protect the nation against the possibility which she foresees.

"It would seem that there is but one way in which this can be done, and that is by means of a binding treaty between Great Britain and the United States, assuring France of continuous and unlimited protection."

LEAGUE PAYS $2.195 FOR AUGUST

Farmers Will Receive Checks Sept. 25, Manager Hovey Announces.

Announcement is made by W. W. Hovey, general manager of the Dairymen's League Co-operative association, that the Dairymen's league pooled price for August is $2.195. This is for grade B milk at the 201-210 mile zone, testing 3 per cent butter fat. Checks will be received by the farmer for this on September 25. The actual price received by the farmer will vary from the above owing to differences in grade, butter fat, freight, hauling, and other established differentials.

Expenses for the month are covered by deductions as follows: Total administrative expense per hundred pounds $ .026; deductions for money to be distributed to local leagues to cover local expenses, $ .002; for advertising, $ .012; for insurance fund to cover losses created by uncollectable accounts and other losses, $ .005; total deductions for expenses, $ .045; deductions for loans to the association for which on April 25, 1922, a certificate of indebtedness bearing 6 per cent interest and maturing in five years will be delivered to the member, per hundred pounds, $ .20. The cash payment will be $1.95.

The milk market was very unfavorably affected during August by a decline in consumption. There are several reasons for this; the sale of ice cream was the lowest for years; the cool weather also affected the consumption of milk itself and increased the production much beyond the August average. The chief reason, however, for the falling off in the purchase of milk is the industrial depression. Hundreds of thousands of men are out of work and walking the streets, and their purchasing power is at the lowest limit. As compared with prices received by dairymen in other sections of the country and especially as compared with what farmers are getting for other farm products, the price paid by the Co-operative association is good.

Homes for Children Desired.

The Delaware County Humane society has several children for whom it it desirous of securing homes. Superintendent Phelps announces. The children will be placed on trial and will be left as long as satisfactory, whether adopted or not. If you are interested, communicate with Mr Phelps at Sidney. At present he has a girl of three months, and others older.

THE PAPERS AND THE PEOPLE

The Aldrich-Dawes Gospel.

Nelson W. Aldrich, who generally knew what he was talking about, told the senate away back in the days of the Taft administration that $300,000,000 could be cut off of the government's annual expenditure by good business management. Congress paid no heed to him because at that time it wasn't interested in economy and scoffed at the idea of setting up anything like a budget system.

General Dawes holds to the Aldrich theory. Fortunately, as director of the budget, he has had the opportunity to put his belief into practice without let or hindrance from anybody. He has just informed the senate finance committee that he is going to save $350,000,000, not on the estimates for the year 1922-'23, but on the appropriations already made for the current year. Such a promise is without precedent in Washington. —[New York Tribune.

The Unknown Quantity.

Forty-six billion cigarettes were consumed in the United States during the year of 1920. But what should be of greatest interest to prohibitionists and the government would be knowledge of how many drinks of red liquor were consumed in that year and the present year, up to date. —[Cincinnati Enquirer.

A Different Case.

The limb of a tree fell on the former Kaiser at Doorn, but did not inflict serious injury. Quintus Horatius Flaccus had the same sort of narrow escape once, as he tells us in a charming ode. But in Horace's case the world was thankful.—[Cleveland Plain Dealer.

Miller for President.

Gov. Miller of New York as a Republican presidential candidate in 1924 is already a vision of New York Republican politicians, who seem to regard Mr. Harding as a one-term president although he still has three years in which to make it safer for his party to renominate him than to discard him. — [Springfield Republican.

Stop Before You Sneeze.

The hay feverite who was fined because he threw his customary fit instead of stopping his car at a crossing now knows that the traffic regulations are not to be sneezed at. — [Philadelphia Public Ledger.

The Sky Bulletin.

The chances that by the end of the century newspapers will be supplanted by radio flashes to be read in the sky as men now read news on bulletin boards is extremely remote. Yet if the 21st century is to have newspapers and books it must have pulp. The foresters' scheme for a permanent supply seems to us sound and we wish we could have more faith that it would be carried into effect. But we must change our American habit of taking short views before such a scheme will become practicable. —[Brooklyn Eagle.

The Kaiser's Double.

The kaiser's double is said to have appeared at Berlin, which is all right so long as its double has not simultaneously disappeared from Amerongen. —[Exchange.

Many Fraudulent Stocks for Sale.

A Binghamton writer says that there never have been as many fraudulent stock selling propositions on the market as at the present time. The promoters of these schemes usually seek to impress you with the fact that they have a "sure thing." Don't be fooled. If they had, they wouldn't be letting you in on it. Do not be fooled by the man who wants your Liberty bonds or your stock in a stable, reliable corporation. Because somebody has put you on the "sucker list" don't be one simply for the sake of proving he is right.

Father Gostonski at Cherry Valley.

Bishop Gibbons of Albany has announced the appointment of the Rev. Father Francis Gostonski as pastor of St. Thomas church, Cherry Valley. Father Gostonski was formerly pastor of St. Mary's church, Schenectady. Father Gostonski succeeds the Rev. Edward P. Dalton as pastor at Cherry Valley, Father Dalton having been appointed pastor of St. Joseph's church, West Winfield.

Reserve Officers in Otsego County.

Nineteen officers holding commissions in the Officers' Reserve corps of the army are located in this county, according to the report of Colonel Wills Uline, chief of staff of the 98th Division, organized reserves. They are ranked as follows: One lieutenant colonel, four majors, one captain, four first lieutenants, and nine second lieutenants.

Exit Mr. Straw Hat.

Mr. Straw Hat, 1921 model, has departed from our midst, to be seen no more until the flowers bloom again in the dell and soft breezes blow across the hills. Thursday, September 15th, was his last day with us. Yesterday his place was taken by Mr. Fall Hat.

Horses for Sale.

Nurse Jameson

This is Mrs. Jean Jameson, nurse who attended Virginia Rappe, who died after attending a booze party given by Roscoe (Fatty) Arbuckle in San Francisco. Mrs. Jameson is one of the important witnesses in the case.

Thaw in Philadelphia Asylum

This is the first picture in many months of Harry K. Thaw. It was taken in the grounds of Kirkbrides Asylum, Philadelphia. Thaw is shading his eyes from the sun to watch the progress of a baseball game. Evelyn Nesbit, his former wife and the cause of the shooting of Stanford White, is now conducting a tea room in the theater district of New York.

PROMINENT PHYSICIANS SPEAK

STATE COMMISSIONER OF HEALTH TELLS NURSES AND DOCTORS THAT 25,000 LIVES HAVE BEEN SAVED IN FIVE YEARS.

Local Nurses Report Instructive Session at Ithaca — Dr. Flexner of Rockefeller Institute Describes Experiments With Influenza — Other Medical Leaders Talk on Methods of Preventing Various Diseases.

The Misses Knopf, Swanson, Ennis, Robertson and Short, who have just returned from Ithaca, where the annual conference of state health officers and public health nurses was held, report that one of the great advantages of the conference was the opportunity afforded to meet the other sanitary officers from different parts of the state; and to exchange ideas concerning the administration and promotion of public health. Among the speakers at the conference were Dr. Herman M. Biggs, state commissioner of health; Assistant Surgeon General H. A. McLaughlin, U. S public health service; Dr. Simon Flexner, Rockefeller Institute for Medical Research; Dr. Thomas Ordway, dean fo Albany Medical college; Dr. John R. Williams, Rochester, and Dr. Harvey Gaylord, director State Institute for Study of Malignant Diseases.

Dr. Biggs said that the prophecy he made that 25,000 lives in New York state could be saved within five years if the State Department of Health received proper support from the legislature had come true. Several years ago Dr. Biggs, as a result of his experience with various health campaigns, became convinced that within certain natural limits any community could determine its own death-rate provided only that the public health administration was efficient and the appropriations were adequate. Because the appropriations of the State Health department have been generous, the prophecy that 25,000 lives could be saved in this state in five years had been more than verified.

Dr. Simon Flexner, director of the laboratories of the Rockefeller Institute for Medical Research, described experiments carried out at this institute with the object of throwing light on the spread of epidemic diseases like influenza, infantile paralysis and meningitis. These experiments have brought forth interesting facts which in a measure clear up the mystery connected with the spread of the epidemics.

Dr. Williams in his address urged frequent physical examinations and the necessity of leading a hygienic life as the best means of preventing premature death from the degenerative diseases of the heart, kidneys and blood vessels. Dr. Albert Vanderveer jr. of New York city said that great advances had been made of late in the treatment of asthma and hay fever; so that by the use of a vaccine complete cures are often made. Assistant Surgeon General McLaughlin was of the opinion that too little attention is being paid to the everyday diseases. When a community is visited by a foreign plague everyone is soon aroused to action; but danger from the commoner diseases is, he said, too often overlooked. One speaker said that the problem of congestion in New York city schools would be solved if the children were kept in good health so that they can pass their grades in the time allowed.

Otsego county was well represented at the conference. Besides the workers from Oneonta the following health officers from Otsego county were present: Dr. F. L. Winsor, Laurens; Dr. Schoolcraft, Hartwick; Dr. Bishop, Garrattsville; Dr. Lough, Edmeston; Dr. Atwell, Cooperstown; Dr. Swanson, Springfield Center; Drs Nichols and Sloan, Worcester.

CHARGED WITH FRAUD.

Afton Young Man Arrested for Trading Mortgaged Car to Local Dealer.

George Schneider, 19 years old, will be arraigned in the city court this morning on a charge of violating the penal law in selling and transferring mortgaged property. Schneider was arrested in Afton Saturday by Patrolman Walling on a warrant issued by Judge Frank C. Huntington.

H. M. Cowan jr. is the complainant. Mr. Cowan charges Schneider with having traded a Ford machine to him in July on which there was a mortgage for $150. In the transaction Schneider secured a Maxwell machine and gave Mr. Cowan a note for $190. Later, it is alleged, Schneider took the Maxwell machine to Afton and there attempted to sell it for $60.

ESSEX

Its Price Now $1375
You Save $420

The Essex has always been an outstanding value by every standard of price and quality comparison.

Since its reduction of price this advantage is even more evident. Especially interesting now is a price to price measurement of the Essex against cars you have regarded as comparable to it in quality.

Will you today find any car that even approaches Essex in quality and ability, within hundreds of dollars of its cost? And doesn't its low cost with such quality appeal to judicious buyers, whether they are considering a car slightly less in cost, or have been seeking Essex quality in some much costlier car?

LOCAL MENTION

The Happy Farmer.

Where are the farmers I often see
In the funny papers the children paw,
Who look so foolish and say, "By Gee"
And always chew on a bit of straw?
I've looked all over but I insist,
Except in the pictures they don't exist.
Where are the wives with faces sad,
Who help these farmers subdue the soil,
And never a gown or bonnet had
As recompense for their ceaseless toil?
I've been around but the ones I've seen
Look like the girls in a magazine.
They ride around in their auto's neat
And they both lean back in an easy way,
As if their happiness was complete,
And life for them was a holiday.
To be a farmer from what I see
Is the just the thing would agree with me. —Pierre Shields.

—Ten to twenty state troopers will be present at the Oneonta fair this week. Tuesday or Friday they will give an exhibition of horseback riding on the track.

—Mrs. Edith Bates underwent an operation for appendicitis at the Fox Memorial hospital Friday afternoon. Her many friends will be pleased to learn that she is making a rapid recovery.

—About 35 ladies were present Saturday at the last of the afternoon teas to be held at the Country club this season. Delicious cakes and tea were served and all enjoyed the social good time.

—Stuart U. Ferguson, representative of the Mohawk Valley Investment Corporation of Utica, is a business caller in the city this week. He will be in charge of the company's booth in the Liberal Arts Building on the Fair Grounds.

—Inclement weather Saturday afternoon made it necessary to postpone the picnic of the United Presbyterian Sunday school, which was to have been held at Neahwa park. As the school did not meet yesterday further plans for holding the picnic have not been made.

—Someone last Thursday night stole a lady's bicycle from the yard in back of the Allen home at River street and Huntington avenue. Police are trying to locate the bicycle and are asking anyone who has knowledge of its whereabouts to report the matter at headquarters.

—Buy fair tickets down town at the Slade or City Drug stores, and avoid the rush at the gates. Persons who wish to go on the grounds as often as they please should buy a membership ticker for one dollar, and a vehicle ticket for 75 cents. Single admission tickets on sale for 25 cents for each person, 25 cents for each vehicle.

—No cases of importance were before Judge Kellogg in supreme court chambers on Saturday. On Saturday of this week, however, it is understood that an unusual number of important cases will be heard. Justice Kellogg was at his home for the week-end but returns this morning to Binghamton, where the September term of court will be continued.

—Within the past few weeks many owners of bicycles have openly violated City Ordinance 18, Section 6, by parking their bicycles along the curbs. On Friday one of the offenders was arrested and taken before Judge Huntington. The police say that other arrests will follow if the practise continues. Bicycle owners are also reminded that they have no redress if their machines are damaged while standing along the curbs.

Meetings Today.

Regular communication Oneonta lodge, No. 466, F. & A. M., this evening at 8 o'clock. The Fellowcraft degree will be conferred.

The Young Ladies' Missionary society of the United Presbyterian church will hold its monthly meeting with Mrs. Fred Smith, 118 Spruce street, this evening at 7:30 o'clock.

Bible Study class, group 4, will meet this evening at 7:30 with Mrs. Terrell, 110 Spruce street.

Regular meeting of B. R. C. in Trainmen's hall tonight at 8 o'clock. Full attendance.

Company C band rehearsal tonight at 7:30 sharp. A full attendance is desired.

Game Postponed.

Unfavorable weather conditions necessitated the postponement of the benefit ball game between the Susquehanna division team of the D. & H. and the members of the Oneonta baseball club until this afternoon at 4 o'clock.

Take Notice.

GETTING READY FOR BIG FAIR

Exhibitors, Horsemen, Sideshows and Tent Attractions, Roof Garden Features, Already Here in Numbers —Outlook for Biggest and Best Exhibition in Big Fair's History — The Races Tomorrow.

What varnishing day is to an exhibition of pictures, that is the Sunday before the big fair to citizens of Oneonta. It is the day when the exhibits have to some extent been got in readiness, when the cattle are being installed—no pun intended—the tents are many of them up, the horses which later are to compete are in their stables and everybody is resting in preparation for the busy days ahead. As is always the case, the gates were open to everybody, and large numbers of citizens visited the grounds during the afternoon.

A stroll through the stables and sheds shows that already many of the horses, which are to compete during the week for the $4,000 offered in purses, are in their stalls, while in the cattle sheds were several fine herds, which have been showing during the past two weeks in Delhi and Walton. Among these is the Holstein herd of Peter Chambers of Walton, consisting of 14 fine animals, and two of Ayrshires: 14 head from the herd of L. E. Riftenbark of Sidney Center, which has been a prize winner at Norwich, Delhi and Walton, and thirteen excellent animals shown by Fred Webster of Laurens, this herd being headed by Iroquois Invincible, a bull three years old the present month and weighing 1,500 pounds, along with four yearlings of his get. Two car loads of cattle arrived yesterday from Glens Falls. The sheep pens are also well filled, the black-faced predominating, and the poultry pens are also filling up with fowls of unusual variety and excellent quality.

In addition to the local and fair ground police there will be a platoon of 12 state troopers, under the command of Corporal J. J. Cunningham, from the camp at Sidney in the city during the fair. On one or more days of the fair there will also be exhibitions of fancy and relish riding by six mounted troopers from the Sidney camp.

Several of the attractions, including the two most important — The Fearless Greggs automobile race in mid-air from a height of 80 feet, and Travellan and her trained seals have already arrived. The Fearless Greggs give what the management believes the greatest attraction ever seen on any fair ground in the state. They will appear only at Oneonta, and have been through the summer at Manhassett Beach, near Boston. There are more fast horses than ever, and it may be that an effort will be made to break the track record of 2:09¼, made by Major Woolworth a few years ago. The entries for Tuesday appear elsewhere in this issue.

The management suggests that Tuesday and Friday are the best days to see the display in all departments. The crowds are usually smaller on those days, and there is a better chance to visit and to inspect the exhibits.

The attention of visitors to the fair is called to the library and reading corner in the art department, second floor of Liberal Arts building. It will be in charge of a representative of the Huntington Memorial library, who will answer questions propounded on library topics and will endeavor more generally to interest the public in the use and value of libraries. Besides collections of books for children of all ages, there will be selected books for adults, an attractive collection of magazines and books and pamphlets of interest on the farm and in the household. There will also be a limited number of pamphlets to give to those interested. All visitors to the fair are asked to come and enjoy the library exhibit.

CHAMPLIN CO. HERE THIS WEEK

Well Known Stock Company Has an Excellent Array of Plays.

A news announcement of much interest in theatrical circles is made by the Oneonta theatre management. It is none other than that Charles K. Champlin, Oneonta's favorite actor, and his excellent company, are to appear at the Oneonta all next week.

Last season the Champlin company appeared at the Oneonta and what happened then is a matter of local theatrical history. Previous to its appearance the management had made many claims for it, claims that in some cases were regarded as being far-fetched and exaggerated. But after the opening day there was no longer any doubt as to its worth. Therefore Mr. Moore has no hesitancy in asserting that without any doubt the Charles K. Champlin stock company is absolutely one of the greatest stock organizations that has ever appeared in this city.

Last season it did not seem possible for any stock company to be representative of more utter perfection than the remarkable degree that Mr. Champlin and his players evidenced. Yet today, with another year gone by, the prediction is made that the overwhelming success that greeted the company last season will be small in comparison to the greeting that will be theirs this season. For one thing, the repertoire of plays are arranged more skillfully than last year, if such a thing is possible, and there have been changes in the company that are sure to be favorable ones.

The company will open Monday night with "Scandal," a play than ran for a whole season in New York. Complete details in other columns.

Clionians Entertain.

The Clionian sorority of the Normal school held a very enjoyable "rushing" party at the Country club Saturday evening, members of the entering class being guests of the senior members of the sorority. Dancing was followed by delicious refreshments.

Notice.

Stamford-Oneonta Bus line will run two busses during Oneonta fair, beginning Wednesday, Sept. 21. The busses will leave Stamford at 7:45 a. m. A bus will also leave Davenport at 10:30 a. m. The afternoon bus will leave Stamford 12:30 instead of 1:15. Both busses will leave Oneonta at 5:00 p. m. One will run through to Stamford; the other will go as far as Davenport and return to Oneonta, leaving there at 6 p. m. Reduced rates will be given to those making the round trip. WORLD WAR HERO AT REST

Sergeant Charles R. Slavin, First From Oneonta to Fall, Buried Yesterday.

Taps were sounded for the last time for Sergeant Charles R. Slavin, world war hero and the first son of Oneonta to fall in the great struggle. His body now lies in the soil of the country for which he died and within sight of the hills he loved so well. His memory alone remains and it is sacred.

The funeral of Sergeant Slavin was held yesterday afternoon from the home of his parents, Mr. and Mrs. H. A. Slavin, Division street, and was largely attended by friends of the young man and by members of the American Legion. Rev. Dr. E. J. Farley of the First Baptist church officiated. Dr. Farley called attention to the excellent war record of Sergeant Slavin, reminding his auditors that the young man offered up his life not selfishly but that others might enjoy the blessings of peace. He stated that such an occasion was in itself a silent protest against war.

Interment was in the Plains cemetery. The bearers were John Pierson, Arthur Bolles, Charles Houghtaling, James Dennison, William McKnight and Benjamin Burgess, all members of the local post of the American Legion. A firing squad, composed of members of Company G under the command of Lieutenant Baker, fired a salute over the grave and taps was sounded by Clarence McIntosh.

It seems fitting to mention a few of the salient features of Sergeant Slavin's military career. As a boy he was always ready to fight in defense of the weak and when this country entered the great war he did not wait to be called but enlisted in July, 1917. In less than three months he was overseas and in the thick of things. As a member of Company K, 9th Infantry, 2nd division, he took part in every major offensive of the American armies. "On July 18th, 1918, he was wounded. Six weeks later he was discharged from the hospital and rejoined his regiment. On October 9th, in the Argonne-Meuse sector, Sergeant Slavin made the supreme sacrifice, being killed in action, a fighter to the last. He met his death wearing the fourragere, the high French decoration for bravery in battle.

CAR HITS SCHOOL GIRLS

Children Run Down at Corner of Fonda Avenue and River Street —Both Painfully Injured.

An automobile driven by Mrs. Sousa, wife of the proprietor of a delicatessen store at 23 Fonda avenue, ran down and painfully injured two little school girls at River street and Fonda avenue Friday morning at about 11:30 o'clock. The children, Pauline Bolles, nine years old, daughter of Mrs. Fred Bolles, of 5 Huntington avenue, and Elizabeth Cronin, daughter of Mrs. Elizabeth Cronin of 50 River street, were taken to their homes where they are recovering.

The children are pupils of the River Street school and were on their way home after the morning session. They were crossing Fonda avenue and did not notice the approach of the Sousa machine. The car struck the Bolles girl throwing her several feet so that she suffered two fractured ribs and painful bruises. The Cronin girl fell under the car and the wheel ran over her leg. Her knee was badly sprained and she suffered cuts on her arms and hands.

Both children were taken to their homes where they have since been under the care of physicians. They were reported last night to be doing well.

FIRE PREVENTION WEEK.

Committees Named for Local Observance — Oct. 9 to 15 the Date.

Committees have been appointed by Mayor A. E. Ceperley and President O. C. Becker of the Chamber of Commerce to arrange for the observance locally of Fire Prevention week. The mayor's committee, which will represent the city, is composed of Messrs. Irving W. Bolton, George J. Dann, J. O. Coy, C. D. Townsend and Fire Chief Charles Choate, Thurston A. Crounse, chairman, has appointed Messrs. Dever Perrine, W. H. Belfield, Bayard Bigelow and Stuart M. Keenan to comprise the Chamber of Commerce committee.

The committees will get together in the near future to discuss ways and means of making the fire prevention campaign during the week beginning October 9 of real benefit to the city.

Real Estate Transactions.

Howard I. Blanchard has purchased of the Ceperley-Morgan Real Estate Company, Inc., the large vacant lot at the corner of Ceperley avenue and Orchard street, West End, and will build on it later.

S. J. Bennett has purchased of D. E. Hinman the house and lot at 411 Chestnut street, Mr. Hinman taking in part payment the bungalow of Mr. Bennett, located on Pleasant avenue, West End.

Men Injured at Gilboa Improving.

The condition of Juan Augusto Gabriel and Jules Cristino, two men injured Thursday afternoon while at work on the construction of the Gilboa dam, was said last night to be slightly improved. Gabriel is still in a serious condition, having suffered internal injuries in addition to a fracture of the leg. Cristino is suffering from a fractured skull.

HELD UP ON PLAINS SCHOOL

Failure of Materials to Arrive Sets Date of Completion Back — Will Probably Be Ready Second Week in October.

Unlooked for delay in the delivery of materials which have been on the railroad several weeks has materially delayed work on the new graded school building now under construction at the Plains. Failure of the flooring material, doors and trim to arrive has held up the carpenters during the past week. The furnaces, which also have been expected for several weeks are as yet undelivered so that work on the heating apparatus has suffered delay. S. G. Puccio, manager of the Architectural Concrete Products company, the contractors, said last night that if these materials are delivered within the next few days he will have the building ready for occupancy by the second week in October.

Practically all of the heavy work on the construction is now completed. Plastering has been finished in the rooms on the first floor and basement and in the hall and auditorium of the second floor. Electric wiring is finished throughout and pipes have been installed for the water and sewer connections. On the exterior the approaches at the front and side are about finished.

School sessions are being held in the old building until the new structure is ready for occupancy.

Millinery.

Special showing of trimmed and tailored hats Thursday, Friday and Saturday, Miss A. Caswell, over M. E. Wilder & Son. advt. 3t

A Kiss for a Vote!

Ruby Miller, London actress, is a strong supporter of the Lloyd George government. That's why she is kissing this English butcher. The butcher intended to vote for the Lloyd George candidate in the Abbey by-elections anyhow, but he didn't say so until after he received the kiss.

ONE CAR TO EIGHT PEOPLE

This Is the Present Record of Otsego County — Gain Is 504 in Year— Genesee Leads With Five.

Albany, Sept. 18. — With Genesee county setting the pace with an automobile to every five of its residents, New York state now has an automobile to every fourteen of its population, and has established a record breaking registration during the first half of this year, with a total of 721,488 attained up to July 1. A report, made public today by Secretary of State John J. Lyons for the first half of this year, offers some interesting comparisons with the full year's registration in 1920, and reveals for the first time, in a definite way, the extent to which automobile buying has been indulged in this year.

On July 1, no less than 38,569 cars had been registered more than during all of last year. Pleasure cars totaled 555,179 on July 1, or 30,908 more than were registered all of last year, omnibuses totaling 28,495, an increase of 1,962, while commercial cars, showing a gain of 6,127, reached 131,528 on July 1.

In Otsego county, there were 5,799 cars on July 1, a gain of 540 over all of last year, the county now having a car to every eight of its residents. Mr. Lyons' report credits the county, with 4,793 pleasure cars; 130 omnibuses, 760 commercial cars and 783 chauffeurs.

Farm of 75 acres; house, wagon house, cow barn, hen house all in fair condition; good orchard, good timber, on good level road, plenty of water—price $1,000. Get busy Smith & Peaslee, 130 Main street advt. tf

TO MEET AT SYRACUSE

Republicans of State Assemble Thursday of This Week—Delegates and Alternates from Otsego County.

For the first time since 1918 a state nominating convention of one of the major parties will meet this week, when Republican delegates from every county in the state will gather in Syracuse to adopt a platform of party principles and name their candidate for associate judge of the court of appeals. At the last nominating convention, eight years ago, the naming of a court of appeals candidate was the only business.

Restoration of the convention nominating system for state and judicial candidates was sanctioned in an act passed by the legislature's last minutes amending the direct primary law.

While several names have been mentioned for the court of appeals vacancy, resulting from the death of Judge Emory A. Chase of Catskill, no organized opposition has appeared to nomination of Supreme Court Justice William S. Andrews of Syracuse, who has been sitting with the court of appeals by the executive designation for the last four years.

The following are the delegates and alternates from Otsego county, elected at the primaries held Tuesday of last week:

Delegates, Allen J. Bloomfield, Clark A. Welch; Julian C. Smith; Florence Wardwell; Frank M. Smith, Helen E. Lee, Burton G. Johnson; Maude Brown; Merritt Bridges; W. Irving Bolton.

Alternates Leland M. Cowles; Mabel Folmsbee; Porter R. Hadsell; Ella Dailey, John A. Losee, Gertrude F. Carr; Henry Whitbeck; Frances A. Wild, James Ward; Anna Culver.

Mrs. Fred Walker Dies in Binghamton

Mary Clague, formerly a well-known resident of this city, died after a long illness on Saturday at 6.30 p. m. at her home in Binghamton. The time of the funeral services have not been learned in this city.

Mrs. Walker was a daughter of the late John and Mary Clague of this city, and was about 46 years of age. She is survived by her husband, who is a trainman with the Delaware & Hudson company, and by four brothers, Freeland, John and Walter Clague of this city, and Samuel Clague of Binghamton. She was a faithful member of the Baptist church and leaves a wide circle of friends whose sympathy will be extended to the bereaved husband and brothers.

Permits to Carry Fire Arms.

Though Justice A. L. Kellogg will be in Binghamton all this month and perhaps longer—for the present term of supreme court promises to be a record breaker—the court chambers in this city will be open every week day, and applications for permits to carry fire arms will be filled out and received. They will be acted upon at special term on Saturday mornings and in all cases where granted will be mailed to the applicant.

Special Fare From Cooperstown.

The Southern New York railway announces a special reduced fare from Cooperstown to Oneonta and return, at $1.50, plus the war tax. The reduced fare is good for any one day, not only during the Oneonta fair but for the entire season. Trains leave Cooperstown for Oneonta at 9:31 a. m. and 12 58, 2.10 and 4.58 p. m. The last car for Cooperstown during fair week leaves Oneonta at 11:10 p. m.

Personal

H. M. Cowan of Hobart was in the city on business Saturday.

Mrs. Lulu Root of Binghamton was a business caller in this city Saturday.

Edward T VanHuren of Hobart was a business caller in the city Saturday.

R. T. Sanderson of Elk Creek was in Oneonta on business errands Saturday.

Mrs. Stewart I Vroman of 89 Elm street was a guest over Sunday of her parents in Sidney.

Mrs. K. G. Slocum and children of 5 Pearl street are visiting relatives in Delanson for a few days.

Mr. and Mrs. J. A. Mellus and children of 93 Chaton street left Saturday for a brief sojourn in Albany.

Mrs. Walter Rose, lately of 22 Miller street, left yesterday for Afton, where the family hereafter will reside.

Stanley Fisher leaves this morning for Chicago, where he will attend to some business for his father, who is ill.

Miss Anna Ehrenfels, instructor in the public school at Maryland, was at her home on the Plains over Sunday.

Mr and Mrs. F. H. Bresee and grandson, Wilmer, spent the week-end at the Bresee camp on Canadarago lake.

Miss Helen Craig of Delhi was in Oneonta yesterday on her way to Albany, where she is a student in the State Teachers' college.

Dr. O C Tarbox was called to Sidney Center Saturday afternoon, where he was in consultation on a case with Dr Fisher of Unadilla.

Mr. and Mrs R. J. DeLaMater of Amsterdam are guests of the former's parents, Mr. and Mrs. W. J. DeLaMater, 4 Fifth avenue.

Miss Brenda Hotaling, who had been in Oneonta over the week-end, returned yesterday to Schenectady where she is a teacher in the city schools.

Mr. and Mrs. Lynn Bresee and Mr. and Mrs. Howard Sexton have returned from Syracuse, where they have been in attendance at the State fair.

Miss Marie Price of Columbus, Ohio, arrives in Oneonta this morning for a prolonged sojourn at the home of her father, W. J. Price, 29 Dietz street.

Mr. and Mrs. Charles Hotaling and son, Reginald Burdick, and Mr. and Mrs William Crandall returned yesterday from a motor trip to Saratoga Springs.

Damon L. Getman and Albert V. Morris have returned to their studies at Hamilton college, after having spent the summer at their homes in this city.

Mrs. Jesse Devendorf, who had been spending some time with friends in Cooperstown, was in Oneonta yesterday on her way to her home in Scranton, Pa.

Miss Helen Splain of Utica was in the city Saturday, visiting friends. Miss Splain will be remembered as a member of the class of 1918 at the State Normal school.

Sterling P. Harrington, son of Mr. and Mrs. J. P. Harrington, of 86 Elm street, leaves this morning for Lakeville, Conn., where he will enter the Hotchkiss Preparatory school.

Mrs. Elizabeth Cronin of 50 River street returned home yesterday from an extended trip to Boston, Schenectady and other points where she had a pleasant time visiting friends.

Mrs. J. K. Brown and daughter, Jean, of 5 Otsego street, left yesterday for Whitehall, accompanying the former's aunt, Mrs. C. K. Grant, whose guest they will be for some time.

Mr. and Mrs. F. E. Thompson and Mr. and Mrs A. G. Dickinson of River street motored in Mr. Dickinson's car to Syracuse last week, where they spent several days at the State fair.

The condition of Earl A. Smith, who has been seriously ill at his home on Spruce street for the past ten days, is reported to be much improved, and on Saturday he was able to sit up for a while.

Dolphus Luce, son of Mrs. Daniel Luce of this city, is a member of the freshman class of Yale university. Mr Luce completed his preparatory course last spring at the Hotchkiss school in Connecticut.

Miss Ella Benjamin of Whitehall and Mrs Josephine Young of Schenectady, who had been visiting the latter's parents in Stamford for the week-end, were in Oneonta yesterday on their way to their respective homes.

Mr. and Mrs. A. E. Thompson entertained Sunday at Camp Whip-Poor-Will at Goodyear lake, Mr. and Mrs J L. Breed and daughter, Mrs. Coral Meshbough and daughter of Norwich, Mr. and Mrs. A. G. Dickinson, John Vogt, Mrs. Charles Couse, Mrs. George Thompson and Miss Aleta Rounds.

Mrs Jesse A. Hathaway and daughters, Dr. Bessie C and Miss Mary Hathaway, were the guests Friday and Saturday of Mr. and Mrs. Lynn W. Hathaway, 31 Fairview street. They left Oneonta for a short visit to their old home at Otego, now occupied by King Hathaway.

Mr. and Mrs. George W. Rowell of this city leave Thursday for Indianapolis, Ind., where the former, as delegate from the state encampment, will attend the national encampment of the Grand Army of the Republic. Mr. Rowell is also aide-de-camp, with the rank of major, on the staff of the national commander. While in Indianapolis, Mr. and Mrs. Rowell will be guests of the former's brother and nephew in that city.

Mr. and Mrs. Daniel Luce jr., who had been spending a few days with his mother, Mrs. Emily Luce, 2 Third street, left yesterday for Chicago, where Mr Luce is assistant superintendent of one of the factories of the Fleischmann Yeast company.

Mr. and Mrs. Charles Babcock of Middletown and daughter, Miss Madalyn, of Newark, N. J., and William Brooker of New York city, who had been visiting Mrs. Babcock's parents, Mr. and Mrs. James Deary of Chestnut street, and sister, Mrs Emmett Crandall of River street, returned to their homes yesterday.

Card of Thanks.

Mr. and Mrs. R. A. Slavin and family desire to express their deepest thanks and appreciation to those who were so sympathetic and helpful during their recent bereavement. Especially do they desire to thank donors of flowers, Company G, the members of the American legion, and those who gave the use of their automobiles.

Buick Six coupe; three passenger, runs fine. Great winter car for doctor or salesman. Francis Motor Sales advt 2t

MARRIAGES.

Yager-Briscoll.

The home of Mr. and Mrs. Thomas Briscoll, 15 Rose avenue, was the scene last evening of a quiet but pretty wedding when, at 7 o'clock, their daughter, Miss Bessie May, became the bride of Stanley Yager of 53 Hudson street. The ceremony, performed by the Rev. Philip M. Luther, pastor of the Lutheran Church of the Atonement, was witnessed by about 12 relatives and intimate friends of the couple. The house was attractively decorated, the ceremony taking place beneath an arch of evergreens and fall flowers. Mrs. Howard Brezee, sister of the bride, was bridesmaid and Mr. Brezee, best man.

Following congratulations, a reception was held, refreshments being served. Mr. and Mrs. Yager will make their home for the present with the bride's parents, where they will receive the best wishes of many friends. Mr. Brezee is a valued employe of the maintenance of way department of the D. & H. company.

Death of Mrs. Clarence E. Hathaway.

Friends of Clarence E. Hathaway, a former resident of this city, will sympathize with him over the death on Thursday, September 8, of his wife, at their home in Providence, R. I. Mrs Hathaway had for the past four years been ill of Bright's disease and her demise had for some time been anticipated. The body was cremated in Boston on Mondy of last wek, and the ashes will be brought to Oneonta at a later date for burial in the Hathaway plot. She is survived by her husband but by no children, Conductor and Mrs. Frank L. Hathaway, parents of C. E. Hathaway, who had been in Providence for some time returned a few days ago to their home in Binghamton.

For a Day's Outing.

Boating, bathing, skating and dancing. Canadarago Park. Special round trip fares from Oneonta to the Park on the Southern New York Railway, Saturdays and Sundays.

LOST — Monday morning, a bunch of keys Finder please leave at Star office or Deyo Oil company.

EXPANSION NOTED IN STOCK MARKET

Improved Sentiment in Leading Lines of Business and Industry; Review of the Week

New York, Sept. 18.—The substantial expansion of operations on the stock exchange last week was mainly at higher levels, reflecting further pronounced improvement of sentiment in leading lines of business and industry

Trading in bonds, also at materially better prices, was in keeping with the upward movement of stocks. Liberty issues were especially active, but the quick response of the banks to the $600,000,000 treasury note offering and ready sale for several new private underwritings bespoke greater confidence on the part of investors.

That the money market gradually is becoming normal was evidenced by the absence of any flurry in connection with the mid-September income tax payments Funds for day to day use were in excess of requirements, and loans running into the final months of the year were made at concessions from recent rates.

Conservative banking interests are of the opinion that the course of the financial market in the remaining months of the year will be guided largely by developments at Washington. Financial relief for the railroads and drastic revision of prevailing tax and tariff schedules, it is asserted, will more than counterbalance burdens imposed by the increasingly complex foreign situation.

The cotton and grain markets were orderly and for that reason attracted less attention. The extent to which credit conditions have already been benefitted by the advance in these commodities is partially disclosed in this week's report from western and southern reserve centers.

Production at principal points of steel and iron manufacture showed slow but steady growth and for the first time in several months, price schedules tended upward. Prominence of Baldwin Locomotive and related issues seemed to be based on prospective contracts for domestic and foreign consumption

Old Superstitions.

In one of his novels, Walter Scott says it was received as the truth, "that they who are born on Christmas or Good Friday have the power of seeing spirits, and even of commanding them." He also says that "the Spaniards imputed the haggard and downcast looks of their Philip II to the disagreeable visions to which this privilege subjected Him." The well-known lines of Shakespeare indicate that in his day the crowing of the cock at dawn was believed to be efficacious in driving away spirits.

Why Buried Glass Disintegrates.

The bureau of standards says that glass would slowly disintegrate when buried in moist soil. The action on the glass would be due primarily to water and alkali. The disintegrating action would vary with the composition or character of the glass and the conditions that obtained in the soil. This action would probably be extremely slow with any glass, and it would probably be centuries before some glass would be completely disintegrated.

Turkish Women Fine Linguists.

It is no uncommon thing for Turkish women to be able to speak half the languages of Europe, and to have, in addition, a knowledge of ancient Greek, Persian and Arabic.

On Peace Court

Dr John Bassett Moore, of New York, has been selected by the League of Nations as a member of the permanent Court of International Justice, despite the fact that the United States is not a member of the league.

STONE TELLS ANCIENT STORY

Letter of Augustus Written in Seventh Century Found on Block of Marble in Cyrene.

London.—A discovery which, it is claimed, will form one of the fundamental sources for a history of the Roman empire under Augustus, has been made recently by Dr. Oliverio, an Italian savant in Cyrene, the ancient Greek colony of Africa, founded in the Seventh century.

Excavations at Benasi—the ancient Berenice which stood in the midst of the Gardens of the Hesperides near the mouth of the river Lethe—have resulted in the unearthing of a block of marble which bears a flawless Greek inscription of a letter from Augustus on the government and administration of justice in Cyrenaica.

Hope.

"Along with the figurehead of Hope," said the captain, "there's an anchor; but what's the use of my having an anchor if I can't find no bottom to let it go in?"

Good Point of Motion Pictures.

Jud Tunkins says motion pictures appeal to him because the audience is not expected to applaud and call the actors out to spoil the effect of a good scene.

International Literature.

Literature tends more and more to become a vast commonwealth, with no dividing lines of nationality.—James Russell Lowell.

Where He Draws the Line.

Jud Tunkins says he never yet met an optimist who thought a toothache was all for the best.

U. S. Government Surplus Canned Meats

We have received a further shipment of Roast and Corned Beef and Corned Beef Hash, the last we shall have, as our stocks are entirely out of first hands.

We solicit orders from the trade and can give prompt shipment. Many of our customers have already had some of these meats and know their superior quality. To others, we do not hesitate to say that they are the best quality of meat ever put in tins, packed from top grade fat beef cattle, and are in perfect condition. The price is so very low that every family would do well to buy, and put away for future use, one or more cases, as the keeping quality is assured.

Wire, write or phone us your inquiries or orders at once, as when our present stock is sold out we shall have no more. Some sizes and kinds already gone. Such an opportunity will never come again. We sell the trade only.

Ford
THE UNIVERSAL CAR

THE FORD SEDAN

The Ford Sedan, with its exceedingly comfortable and refined furnishings, its neat appearance and every-day-in-the-year utility, is an especially attractive motor car for women, meeting so fully all the demands of social and family life—a delight to women who drive because of the easy, safe control. Summer and winter, it is always ready—never a doubt about that nor never any fears for trouble on the way. Then the cost of operation and upkeep is very small.

We can now give you reasonably prompt deliveries and it is only fair to us that you should leave your orders with as little delay as possible, if you want us to be prompt in making delivery you will be prompt in placing your order.

STATE REPUBLICANS GET TOGETHER SOON

Women Will Have Important Part in Convention at Syracuse Next Week

Albany, Sept. 18.—For the first time since 1913, a state nominating convention of one of the major parties will be held this week, when Republican delegates from every county in the state will gather at Syracuse to adopt a platform of party principles and name their candidate for associate judge of the court of appeals.

Restoration of the convention nominating system for state and judicial candidates was sanctioned in an act passed by the last legislature amending the direct primary law.

While several names have been mentioned for the court of appeals vacancy resulting from the death of Judge Emory A. Chase of Catskill, no organized opposition has appeared to the nomination of Supreme Court Justice William S. Andrews of Syracuse, who has been sitting with the appeals court on executive designation for the last year.

A tentative draft of the platform to be submitted to the convention is being prepared by a committee headed by Conservation Commissioner Ellis J. Staley; William J. Wallin of Yonkers, national committeeman; Charles D. Hilles and Mrs. William VanNamee of New York; Franklin B. Lord of Nassau, and Mrs. Rosalie Loew Whitney of Brooklyn. Mrs. Whitney is a member of the industrial board of the reorganized state department of labor. The platform will endorse the administration of Governor Miller and will set forth the principles to which Republican candidates for the assembly will be pledged.

The convention will be called to order at noon, daylight saving time, Thursday. United States Senator Wadsworth, the temporary chairman, will make the first of two keynote speeches, organization will be perfected, committees appointed, and United States Senator Calder will be named as permanent chairman. Adjournment will be taken until Friday, when the permanent chairman will make the second keynote address, to be followed it is anticipated, with a speech by Governor Miller, after which the platform will be adopted and a candidate for associate judge of the court of appeals will be nominated.

Women will have an important part in the convention proceedings.

Old papers for shelves and floors, 10 cents per bundle of 50, at The Star office. tf

Escapes Again!

Roy Gardner, the spectacular western mail bandit, who has escaped from McNeil Island penitentiary, Washington. This is the third time he has escaped from federal authorities in less than two years.

MIT DICTIONARY READING

w York Library Sets 3-Minute Time Because of Rush to Peruse Book —Cause Is Mystery.

New York.—New Yorkers have deloped such a passion for reading dictionary that a time limit of three nutes has been placed on perusers the New York public library.

A librarian is posted at the dictiony shelf to keep the line moving. Liary officials are mystified as to the use of the sudden accession of inrest in dictionaries, but assert they ll have to arrange for extra "beds" the book hospital if the crush conues.

Getting Closer.

Science is getting more and more cise. A French savant announces at he can come within 20,000,000 or ,000,000 years of fixing the time en life began on the earth.

Speedier Than Light.

Electricity travels about 62,000 les further in a second than does ht.

CHASES BLACK CHICK AWAY

One of That Color Was Enough in This Hen's Family, So She Drives Intruder Off Nest.

Allentown, Pa.—Does a sitting hen associate ideas with colors or has she a knowledge of arithmetic.

This is the problem that is puzzling an amateur chicken fancier who is trying to practice economy while following his favorite hobby.

A Rhode Island Red hatched seven yellow and one black chicks; three days later another hen brought forth a brood of four yellow and one black balls of fluff.

For economy's sake the second flock was doubled up with the first. The mother hen opened her wings and clucked a welcome to the newcomers and all went well until she spotted the two black chicks together. Then she saw red. One black chick was enough for her family, and she promptly pecked and chased the offending black out of her nest.

"Great Basin" Region.

What is known as the Great Basin of North America is an inland drainage in western United States, situated between Wahsatch mountains on the east and the Sierre Nevada and Cascade ranges on the west. It comprises most of Nevada and portions of Utah, Oregon, Idaho and California, and has a total area of about 210,000 square miles. The basin has a graded slope from the north, where the elevation is 4,000 feet above the sea, toward the south, forming a tilted plateau whose surface is broken by interrupted groups of mountains with a general north and south trend.

Biting Bandit Gets Her Ring in West

Omaha, Neb.—"I wish I was back in Boston and had never seen Omaha! This is a wild town." So sobbed Mrs I. W. Howlett of Boston, as she told police how two bandits had held her up, along with a friend, and bitten the diamond from her ring.

"He said first he would have to bite my finger off," sobbed Mrs. Hewlett, "and he pressed a horrid gun to my head

"Finally he reached down and bit the diamond from the ring."

AMERICANS GET 17 GRIZZLIES

Natural History Museums of Oklahoma and Brooklyn Represented in Alaska Trip.

DRIVE LASTED THREE MONTHS

Bruin Gave Party Less Trouble Than Did Storms—Saw Caribou, Wolverine and Fox as Well as Bird Life Every Day of Trip.

Ardmore, Okla.—A party of Americans, headed by C. E. Sykes of Ardmore, oil operator, and by Edward D. Crabb of Norman, representing the Oklahoma University Museum of Natural History, killed a total of 17 grizzlies after a drive which lasted three months. Eleven other grizzlies escaped. The party are now after moose and caribou, several specimens of which will be forwarded to the Oklahoma University museum and to the Brooklyn Museum of Natural History.

The grizzlies gave the hunters less trouble than did the hardships of the Alaskan wilds, for the men encountered severe snow, and hail storms for 30 days. Good marksmanship alone saved the lives of the hunters on numerous occasions.

Besides Sykes and Crabb, the party included Robert Rockwell of Brooklyn, representing the Brooklyn museum; Charles Hoffmeister of Imperial, Neb., noted big game hunter; Dr. W. H. Chase of Seward, Alaska, well-known authority on Alaska, and sportsman; Pete Larson of Unga, Alaska, chief guide, with several assistants.

Long Trip to Hunting Ground.

On April 23, Sykes, accompanied by Crabb and Hoffmeister, left Seattle for Cordova on the S. S. Northwestern and arrived at their destination April 30. At eight o'clock in the morning of May 1 the Rolfe II was boarded and sail was set for the hunting grounds. The trip from Cordova to Unga consumed a week, including a stop of two days at Seward and one at Uyak bay, Kodiak island. At Unga the guides and packers were picked up and the journey continued to Pavlov bay, the scene of the hunting.

Camp was pitched on the shore of the bay, opposite the twin volcanoes of Pavlov, one of which is active. This was the main camp, and was continued from May 9 to June 5, the date of departure for home.

"There was not a day while we were on the hunting grounds," Doctor Chase writes, "during which we did not see caribou, wolverine and fox, as well as a great variety of bird life, including ptarmagin, swan, geese, ducks and many other shore birds. During the days aboard the boat many porpoises, thrashers, black fish, seal, sea lion and other denizens of the deep were sighted, and when we had come to anchor fishing was always indulged in with great success."

The first encounter with grizzlies had plenty of thrills. After the men had left the Rolfe and had spent several days searching for "signs," four full-grown bears came upon them with such a suddenness that men and bears stood watching each other a few moments in astonishment. The grizzlies made the first move. Three of them crouched to the earth and crept toward the hunters, only 50 yards away. The fourth remained behind. There wasn't even a tree to climb. When the three bears got within three yards Sykes fired three times in rapid succession and the three leaders fell dead. Immediately the fourth bear charged with great roars. A bullet halted him just as he reached the side of the other bears, and he fell dead across their bodies.

Long and Arduous Tramps.

These four were the largest found during the entire hunt. The hide of "old Mose," as the biggest grizzly was named by the men, measured 12 feet in length. The fur of these animals showed no blemishes of any kind.

In further skirmishes with the animals not one of the party was injured, although the bears did not fall to the rifle as easily as did the first four.

To track the animals long tramps through deep snows were necessary, and frequently the men slid down mountain sides. The cold, at times, was intense, despite the fact that it was summer; it was close to the arctic circle. The animals were skinned by the helpers after each killing and the hides dried out and loaded on the Rolfe for shipment home.

Little Black Bees.

Little black bees were on the blossoms of the wild cherry. They worked in its snow-white cups and often shook down the petals from the flowers. They darted from cluster to cluster, loading their thighs with primrose-colored pollen, while their wings vibrated in a fitful, rather shrill murmur. They were ground bees and had their home among the stones in a bank of fine grass, thyme and dog-violets not far distant.—Eden Phillpotts.

Ten Centuries of Records.

The oldest registers in England are said to be in Tripton, Staffordshire, Eng., which also has a church 1,000 years old. The town is considering the question of applying for a charter of incorporation.

Giving the Effect.

A real light is rarely hidden under the proverbial bushel, but some keen men keep a bushel to create the belief that it conceals a light.—Albany Journal.

Japanese "Insect Bell."

A natural curiosity of Japan is the "insect bell." It is a black beetle which emits harmonious sounds like those of a little silver bell.

First Picture of Arbuckle in Court

Roscoe (Fatty) Arbuckle, movie comedian, is shown (on the right) as he was arraigned before Police Judge Daniel S. O'Brien (left) in San Francisco, on a charge of murder in connection with the death of Virginia Rappe, film actress and model. Miss Rappe died after attending a booze party in Arbuckle's rooms at a San Francisco hotel. Left of Arbuckle, in the picture, is his attorney, Charles Brennan. Men in the background are court officials and prison mates of the movie star.

THE GANG WAS ALL THERE.

Shaw, McKean and Skinner Make Best Scores on Y. M. C. A. Bowling Alleys.

An indication of the popularity of the Y. M. C. A. bowling alleys the coming winter is furnished by Saturday's record, when 121 games were rolled. Perhaps this large number is due to the fact that Saturday was the opening day, but nevertheless everyone was so well pleased with the improved alleys that this is certain to be a record bowling season.

Nothing but praise was heard for the fine job that had been done on the alleys during the summer months. The alleys were scraped and re-varnished. The walls of the room have been attractively painted in brown and white. But best of all, the pin spotters work to perfection, in conjunction with two first class pin boys, and the combination put smiles on the faces of all the bowlers. Prizes were awarded for the best scores on the opening day. In the afternoon, A. L. Shaw carried off the honors with the high mark of 198, while in the evening S. E. McKean won the fur-lined toothbrush with a 194 game. M. B. Skinner was a close second, with 193

Secretary Lange announces that the alleys will be open every afternoon and evening from now on.

BURIED WITH MILITARY HONORS

Funeral of Private Ward to Be Held at Cooperstown This Morning.

Cooperstown, Sept 18. — The funeral of the late Private James A. Ward will be held with requiem mass from St. Mary's Roman Catholic church at 9:30 o'clock this morning, the Rev. Father Patrick Crowe officiating. The body of Private Ward arrived in the village Saturday afternoon and was taken to the home of his sister, Mrs. Samuel Shaw. The American legion committal service will be used at the grave.

Private Shaw was born at Cherry Valley 34 years ago. He enlisted in the army at Philadelphia and while a member of Company B, 60th regiment of infantry of the 5th division, he was killed in action in the Argonne forest. He is survived by his father, Martin Ward, and one sister, Mrs. Shaw.

There is nothing on earth cheaper than smiles and good temper. You may have both if you will use Otsego —the perfect coffee. Fresh roasted and ground. In sealed package. advt. 6t

Now for that spread you promised yourself But you won't be satisfied with the dessert unless it is flavored with Baker's extract. They're purest and best. advt. 6t

PRETTY WEDDING AT MEREDITH.

Miss Dorothy Mae Russell Is Bride of Arthur B. Stilson of Franklin.

Franklin, Sept. 18.—A very pretty wedding occurred Saturday evening, September 17 at the home of Mr. and Mrs. Charles Russell of Meredith, when their daughter, Dorothy Mae, became the bride of Arthur B. Stilson of Franklin. The ceremony was performed by Rev. R. J. Lockhart of the Presbyterian church at Meridale, in the presence of the immediate families and a few intimate personal friends. The ceremony was performed at 8 o'clock in the parlors of the Russell residence in front of a bank of hydrangeas and asters.

The bride, who was attired in white georgette and carried a bouquet of white bride's roess, was attended by Miss Rose Lathan of Oneonta, who was gowned in pink and carried pink roses. The groom was attended by Andrew Dexter of New London, Conn. During the ceremony "O, Promise Me," was softly played on the piano by Miss Gertrude Russell, a sister of the bride. Following the ceremony and congratulations, the company proceeded to the Meredith Inn, where a dainty luncheon was served There were many beautiful and costly gifts, attesting the high regard of numerous friends.

The bride, who is the elder daughter of Mr. and Mrs. Russell, has spent much of her time in Franklin, where she was a student of the Delaware Literary institute, and is one of our most esteemed young ladies. The groom is a son of Mrs. Levi Stilson of this place and is bookkeeper for the Franklin Dairy company. Mr. and Mrs. Stilson leave Monday morning on a short wedding trip, after which they will be at home in this village. The best wishes of numerous friends will attend them on life's journey.

Among those present at the wedding from out of town were Mr. and Mrs. Robert Burns, Master Eugene Burns, Mrs. Calvin Burrows and Andrew Dexter of New London, Conn., Mrs. Harry Carman of Toledo, Ohio, Mr. and Mrs. George Hiller, Mrs. Levi Stilson, Mrs. Charles Ostrander, Mr. and Mrs. Loren Isbell, Freeman Smith, Miss Irma Zabo and Harry Finch of Franklin, Walter Ostrander and family of Andes.

Don't guess! Be sure you're right! Kilpnockie coffee will prove its deliciousness. advt. 6t

OTSEGO AND HEREABOUTS

Events of Interest to Readers in County, Country and City.

The Commercial hotel at Richmondville was raided on Sept. 10 and it is alleged that sufficient evidence was found to justify indictment on the ground that home brew was being made and sold While aiding in the raid the car of one of the deputies was seized on the ground that it was illegally on the streets without lights. A fine of $4 was paid by the owner.

In Schoharie county there were 131 prohibition votes cast at the primary election, the majority being given to Henry M. Greenwald, the Republican candidate, who will therefore appear as the candidate of the two parties.

Fourten of the twenty members of the faculty of the Cobleskill public schools are new ones, which indicates that there was an unusual exodus of teachers from the Cobleskill school last June.

In an opinion lately given out by Attorney General Newton, it is held that the highway laws of 1921 are null and void so far as they undertake to direct the expenditure of funds made available for highway construction under the laws of 1912. It is expected that this opinion will result in the immediate construction of the Cobleskill-Sharon Springs and Middleburgh-Albany County Line roads.

Michael H. Ripton, Rochester, who was awarded the contract to build the Cherry Valley-Sharon Springs-Canajoharie state road will begin operations at once and machinery is already on the ground. This ten mile contract is one of the largest awarded at the August letting and it is hoped that a large force of men will be employed to hasten the completion of the road.

Hartwick Seminary, the oldest Lutheran school in America, opened on Tuesday last for its 124th academic year with an enrollment of seventy pupils. A committee is now actively engaged in raising a fund of $300,000 for additional endowment, the canvass being carried on among the former students of the seminary and the Lutherans of New York and New Jersey

Potatoes, which are a fair crop but not so large as a year ago, are now being received at various shipping stations in Otsego county at one dollar per bushel.

The Thanksgiving hospital at Cooperstown is now filled to capacity. There are 35 patients at this time.

At the next meeting of the Oxford grange the following question will be debated "Which is the greater nuisance, a woman working in the fields or a man helping with the housework?" The decision will be awaited with interest in may other places outside of Oxford.

Christopher Johnson, a former Oxford man, is said to have perfected a process by which the essential elementsof the orange can be delivered to the consumer in small cubes and that by addition of water and sugar reconstructed at small cost into jelly or marmalade. A California syndicate is taking up the project, which it is believed will enable growers of citrus fruits to use the small sizes, which heretofore have been unsalable.

The West Winfield chapter of the D. A. R., realized $100 from a concert given by the Haydn Male chorus at Bisby hall on Wednesday evening.

MISSIONARIES NEEDED.

Would Help Materially in Solving Immigration Problem, Says Scherer.

A large congregation at the First Presbyterian church yesterday morning listened to a first-hand presentation of the great needs of Syria and the Near East by Rev. George Scherer, who for the past eight years was been in that country as a missionary of the Presbyterian church.

Indicating that church support of foreign missions had dropped off considerably this year, Mr. Scherer contrasted the work of the missionaries to that of the American soldiers during the World war. If the men on the firing line did not have the full support of the folks back home, their cause would have been lost. The speaker pleaded for a more personal interest on the part of the people at home in the work of the missionaries on the firing line and cited some of the things they had accomplished.

He expressed the opinion that the best way for the United States to handle the immigration problem was to send more missionaries into foreign lands. Instead of permitting the mass of "unwashed" to come to our shores and then attempting to clean them up, the thing to do was to clean them up first Mr. Scherer told of the marvelous change for the better that had been brought about in many Syrians who had decided to come to America, through the influence of Christian training and religion Referring to the comparatively small number of missionaries now in the field, Mr. Scherer closed his interesting talk with another appeal for more missionaries and renewed support of missionary work

Rev and Mrs Scherer are guests for a few days of Dr. and Mrs. Morton D. Brownell, the doctor having been with Mr. Scherer while engaged in Near East Relief work in Syria more than a year ago.

Returns From Ithaca.

Miss Rosanna Bagg, children's librarian at the Huntington Memorial library, returned Saturday from Ithaca, where she has been in attendance at a meeting of the State Library association. Miss Bagg was one of the leaders in the noon-hour conferences, which were one of the interesting features of the week. Miss Bagg and Miss Mosher of the Endicott public library had charge of the discussions on work for children in libraries.

Notice.

Worcester-Oneonta bus will run a special trip each night during Oneonta fair week to Charles Champlin Stock company at Oneonta theatre. Now is your chance to see a good show at a reasonable price. If you wish to send for your tickets, bus drivers will get them for you in advance, so you will be sure of a good seat. Bus will leave Worcester 6:45 p. m., arriving in Oneonta 8.00 p. m., and returning after show. Otis G. Blencoe. adv 2t

HEALTHMOBILE IN COUNTY

Machine from State Department to Visit Towns in Western Otsego County This Week.

Several weeks ago announcement was received that the Healthmobile, a machine bearing educational exhibits, and doctors and nurses from the State Department of Health, would be in Otsego county during September. In the meantime the department failed to send the itinerary of the machine so that health authorities have been at loss to know when the Healthmobile would put in its appearance. Last week, however, Dr. W. R. Long, the advance agent, was in the western part of the county making arrangements for the machine to visit several of the villages.

Wednesday, September 21, the Healthmobile is to be in Edmeston, where the headquarters for the work will be in Grange hall. In the afternoon from 1 until 5 o'clock children between the ages of six months and seven years will be examined by Dr. Elsie Blanchard, Dr. H. J. Ball and Dr. J. S. Walton of the state department.

A soliciting committee has been organized to visit the homes and explain to the mothers the value of having their children examined for possible physical defects. The work is sponsored by the Woman's club of Edmeston and Mrs U. G. Welch is acting as chairman of the committee in charge. In the evening free movies will be shown in the opera house followed by an address by Dr. Ball. The pictures are full of action, being special films taken by the state department.

Thursday the Healthmobile will be in West Exeter and Friday in Garrattsville. The programs for these villages are similar to that described for Edmeston.

Mystic Shriners to Meet.

Nobles of the Mystic Shrine, of whom there are many in Oneonta and vicinity, will be interested to know that Tigris Temple of Syracuse, which was granted a charter at the last national convention of the fraternity, will hold its first ceremonial at Keith's theatre in Syracuse October 10th. A large class of novices will tread the hot sands. Members of the order from every part of the state are expected to be in attendance and doubtless Oneonta will furnish its quota to the pilgrimage.

Sewing Circle Pleasantly Entertained.

The White Rose Sewing Circle of Perseverance lodge was entertained Wednesday afternoon at the home of Mrs. H. DeLong, 30 Dietz street.

The hostessess of the afternoon were Mrs. DeLong, Mrs Chappell, Mrs Leech and Mrs. Beardsley. Dainty refreshments were served and a very pleasant afternoon passed by the ladies present.
